Each year the Negotiation Team for the School Board and the LCEA will look at the available resources and determine how much money will be set aside for Performance Pay. The amount of these designated funds may be different each year.

The designated funds are placed into a formula to determine how much money will be allocated for those who score "Effective" and those who score "Highly Effective" on the yearly evaluation tool.

Performance pay is paid a year in arrears. For example, if you score Effective on the 2017-2016 evaluation, then your pay will be adjusted for the 2019-2020 school year. Your student growth will not come in until the fall of 2018. At that time, you will know your overall rating of Highly Effective, Effective, Developing or Unsatisfactory.

(Developing is used for teachers in their first three years of teaching rather than Needs Improvement.)
