

Lee County Kids Tag Art

*A Program of the Lee County Tax Collector
In Partnership with The Foundation for Lee County Public Schools*

Congratulations, Cape Elementary!

The Kids Tag Art jurors have selected **Ashton A.** and **Jaylee B.** as the Kids Tag Art Award of Distinction winners for the 2017-18 school year. These designs will represent your school and be available to the public on the Lee County Tax Collector website. We will also congratulate the student and their family by letter after the holiday break.

Our annual effort to enhance Lee County art classrooms through Kids Tag Art is off to another successful year! The children have completed their designs and we are ready to offer each of them the opportunity to turn their art into a decorative front-end license plate. This year we are also offering bicycle tags and individual key fobs for sale. Kids Tag Art will return 100% of its proceeds generated from tag sales to benefit art programs in all participating Lee County District schools.

This program would not be possible without the generosity of our 2017-18 premier sponsor, **AAA- The Auto Club Group**. We are happy to have the support of additional sponsors: Sam Galloway Ford, Title Check.US, Miami Heart Research Institute, LCEC, LifeLink Foundation, and Donate Life Florida. The following are in-kind sponsors: Cathedral Corporation, Minnesota Twins, and Panther Printing.

We will continue to meet with community businesses to encourage sponsorship, which will directly benefit your art classrooms!

The Award of Distinction ceremony is in its planning stages. We anticipate holding the event at FSW before spring break, and will inform you of the time and location as soon as possible. We look forward to seeing you there.

Sincerely,

Marshall T. Bower, Esq.
