POLICY 7540.03 – STUDENT TECHNOLOGY ACCEPTABLE USE AND SAFETY

The substantive changes in this policy include the following:

1. References to the definitions of technology resources and information resources in Bylaw 0100 are added in the first paragraph.

2. Clarify that the Board intends to regulate the use of District technology resources in accordance with applicable local, State and Federal laws, the District's educational mission, and the terms of the Student Code of Conduct.

3. State that wireless communication devices (WCDs) when connected to the District's technology resources are also subject to the terms of this policy.

4. Remind users that they must refrain from engaging in illegal or unkind actions, and provide examples of what is meant by illegal and unkind actions.

5. Added language clarifying when students may use District technology resources to access and use social media for educational purposes.
