LEVY COUNTY
CODE OF
STUDENT CONDUCT
AND
STUDENT RIGHTS
AND
RESPONSIBILITIES
INTRODUCTION
PHILOSOPHICAL BASIS

The mission of the Levy County School Board is to educate all students in a safe environment and graduate them ready for college and career success. To this end, we intend to enhance each student's potential for learning and to foster positive interpersonal relationships. Levy County supports the concept that students who possess personal, academic, civic and occupational adequacies will become effective and productive citizens. Students must develop and accept the responsibilities and obligations of citizenship. Our Student Code of Conduct encourages students to take ownership of their educational opportunities by providing a safe environment conducive for reaching his/her academic potential. Therefore, providing a positive school climate that supports academic achievement, fairness, civility, acceptance of diversity, and mutual respect.

Effective instruction requires order and discipline which may be described as the absence of distractions, frictions, and disturbances which interfere with the effective functioning of the educational environment. It is also the presence of a friendly, yet businesslike, atmosphere in which students and school personnel work cooperatively toward mutually recognized and accepted goals.

As students' progress in our public schools, it is reasonable to assume that an increase in age and maturity will result in the students' assuming greater responsibility for their actions. It is recognized that differences in age and maturity require different types of disciplinary action; however, the procedures identified shall apply to all students in grades Pre-K - 12.

To assist parents, administrators, and faculty in maintaining such an environment, the Code of Student Conduct and Student Rights and Responsibilities will:

- ⇒ Describe roles of the home, student, school, and school personnel
- ⇒ Describe student rights and responsibilities
- ⇒ Identify formal disciplinary actions
- ⇒ Standardize procedures for administering formal disciplinary actions
- ⇒ Identify classifications of violations and describe procedures for disciplinary action

Each school is permitted and encouraged to develop rules, procedures, and expectations for student conduct. While these may not conflict with direction provided in the district-wide Code of Student Conduct and Student Rights and Responsibilities, broad latitude in dealing with local school problems shall be afforded to each school so that student discipline may be responsive to particular problems in each individual school.

ROLES OF THE HOME, STUDENT, SCHOOL, AND SCHOOL PERSONNEL

In order for effective instruction to occur, there must be a cooperative relationship between student, parent, and educator. This relationship may be described as follows:

- ⇒ Bring to the attention of school authorities any problem or condition which affects their child or other children of the school

JURISDICTION OF THE SCHOOL BOARD

Levy County Public School students are subject to the rules and regulations of the School Board of Levy County during the school day and regular school activities; while being transported on school buses or at the public expense to and from school or other educational facilities; at such time and places including, but not necessarily limited to, school-sponsored events, field trips, athletic functions, and other activities where appropriate school personnel have jurisdiction over students. In addition to the foregoing, jurisdictional control over the student may be extended to the immediate vicinity of the school and designated bus stops, in accordance with law (1006.28 (6) (d) 7), whenever the conduct of the student is deemed to have a detrimental effect on the health, safety, and welfare of other students and/or of the school.

To ensure the safety and welfare of pupils and employees, cameras may be used to monitor behavior on school property. Disciplinary action may occur based upon the evidence of the videotapes.

STUDENT RIGHTS AND RESPONSIBILITIES

It is the intent of the Student Rights and Responsibilities, as expressed in this document that students understand that individual rights involve associated responsibilities, and that individual rights must be viewed in relationship to the health, safety, and welfare for all students. The principal, or his/her designee, shall assume administrative responsibility and instructional leadership under the supervision of the Superintendent, or his/her designee, in accordance with rules and regulations of the School Board for planning, management, and operation of the school to which he/she is assigned. The faculty and staff shall assist in the orderly operation of the school and assure the rights of students.

ALCOHOL/DRUGS/TOBACCO

Philosophical Basis:

The unlawful possession, use, or distribution of illicit alcohol, drugs, or tobacco is not only wrong, but also harmful.

Student Responsibilities:

- ⇒ Each student has the responsibility not only to himself/herself, but also others not to use, possess, sell, or distribute any alcohol, drugs, or tobacco on school grounds or during school-sponsored activities.

Student Rights:

- ⇒ To be informed of School Board policies and individual school rules regarding alcohol, drugs, or tobacco
- ⇒ To have access to information on substance abuse counseling programs
- ⇒ To have available curriculum that educates students about the harmful effects of alcohol, drugs, or tobacco

ATTENDANCE

Philosophical Basis:

School administrators have an obligation under State Law to enforce compulsory school attendance laws. Regular attendance by students will facilitate the development of the skills and knowledge necessary to function in a modern democratic society.

Student Responsibilities:

- ⇒ To take advantage of their educational opportunity by attending all classes daily and on time
- ⇒ To provide the school with an adequate explanation with appropriate documentation indicating the reasons for an absence
- ⇒ To request makeup assignments from teachers upon return to school and to complete this work within a reasonable length of time as determined by the teacher when there is an excused absence

Student Rights:

- ⇒ To be informed of School Board policies and individual school rules regarding absenteeism and tardiness (School Board Policy 5.03 Student Attendance/Absences)
- ⇒ To appeal a decision pertaining to an absence
- ⇒ To make up classwork within a reasonable length of time as determined by the teacher

COUNSELING

Philosophical Basis:

Personal concerns of students can seriously limit their educational development. Schools have the responsibility to provide a counseling program and to make relevant and objective information available to students.

Student Responsibilities:

- ⇒ To use guidance services for their own educational and personal improvement
- ⇒ To schedule appointments in advance unless the problem or concern is one of an emergency
- ⇒ To work cooperatively with all school personnel

Student Rights:

- ⇒ To be informed as to the nature of the guidance services available in their school
- ⇒ To have access to individual and group counseling
- ⇒ To request a change of counselor

CURRICULUM

Philosophical Basis:

The degree of curriculum involvement is a function of age, grade, maturity, and sophistication on one hand and the level and complexities of courses on the other. Student opinion regarding curriculum offerings is extremely important and therefore deserves careful analysis and consideration.

Student Responsibilities:

- ⇒ To request participation in academic programs and extra-curricular activities that are commensurate with ability
- ⇒ To seek assistance in course selection from informed persons in the school
- ⇒ To cooperate with the instructor and contribute to an atmosphere free from bias and prejudice
- ⇒ To cooperate fully and exert every effort to achieve mastery of the basic skills

Student Rights:

- ⇒ To have equal educational opportunity with regard to academic programs and extra-curricular activities
- ⇒ To receive district curriculum course descriptions that will facilitate informed choices
- ⇒ To receive instruction in courses of study under competent instructors in an atmosphere free from bias and prejudice
- ⇒ To participate in appropriate basic skills programs in elementary, middle, and high schools

FREE SPEECH/EXPRESSION**Philosophical Basis:**

Citizens in our democracy are guaranteed self-expression under the 1st and 14th Amendments of the United States Constitution; therefore, in a democratic society, one of the basic purposes of education is to prepare students for responsible self-expression.

National origin, minority, or limited English proficient students shall not be subjected to any disciplinary action because of their use of a language other than English.

Student Responsibilities:

- ⇒ To respect the rights of other individuals, to express disagreement in a manner which does not infringe upon the rights of others and does not interfere with the orderly educational process
- ⇒ To act in a manner which preserves the dignity of patriotic observances
- ⇒ To respect the religious beliefs of others
- ⇒ To plan for, seek approval of, and conduct activities which are consistent with the educational objectives of the school

Student Rights:

- ⇒ To form and express viewpoints through speaking and writing in a manner which is not obscene, slanderous, libelous, or likely to cause disruption in school
- ⇒ To affirm their identity with the American idea (i.e., pledging allegiance to the flag)
- ⇒ To refrain from any activity which violates the precepts of their religion
- ⇒ To use and cite printed materials and other resources of any nature, including any religious viewpoint, which are pertinent and responsive to assigned work and school projects
- ⇒ To assemble peaceably on school grounds or in school buildings (such assembly shall be consistent with all applicable Federal, State, and local regulations)

GRADES

Philosophical Basis:

An academic grade should reflect the teacher's most objective assessment of the student's academic achievement. Academic grades should not be used as a means of maintaining order in a classroom, nor should student behavior be included in calculating academic grades.

Student Responsibilities:

- ⇒ To become informed of the grading criteria
- ⇒ To maintain standards of academic performance commensurate with ability, and to make every effort to improve performance upon receipt of notification of unsatisfactory progress

Student Rights:

- ⇒ To receive a teacher's grading criteria at the beginning of each year or semester course
- ⇒ To receive reasonable notification of failure or potential failure at any time during the grading period when it is apparent unsatisfactory work is being performed

PRIVACY AND PROPERTY RIGHTS

Philosophical Basis:

Federal and State laws provide persons with reasonable expectation of privacy in addition to freedom from unreasonable search and seizure of property. Such guarantees are not unlimited and must be balanced by the school's responsibility to protect the health, safety, and welfare of all students.

Student Responsibilities:

- ⇒ To attend school and other School Board activities without bringing materials or objects prohibited by law or School Board policy or other items that will detract from the educational process
- ⇒ To respect the property rights of the public at large as well as those of individuals, and to refrain from destruction of, or damage to, such property

Student Rights:

- ⇒ To maintain privacy of personal possessions unless appropriate school personnel have reasonable cause to believe a student possesses any object or material which is prohibited by law or School Board policy (See School Locker Search and Search of Individual)
- ⇒ To attend school in an educational environment in which personal property is respected

STUDENT RECORDS

Philosophical Basis:

A well-developed student record file contains information needed for making appropriate educational decisions for the student. Student records are to be treated confidentially and should contain information that is relevant, accurate, and appropriate.

Responsibilities of Students, Parents, and Guardians:

- ⇒ To inform the school of any information that may be useful in making appropriate educational decisions
- ⇒ To authorize release of pertinent information to those individuals or agencies who are working actively and constructively for the benefit of the student*

*Release of records of students 17 years of age or younger who attend an elementary or secondary school requires the signature of the parent or guardian.

Rights of Students, Parents, and Guardians:

- ⇒ To inspect, review, and challenge the information contained in records directly relating to the student
- ⇒ To be protected by legal provisions which prohibit the release of personal identifiable information to other than legally authorized persons without the consent of the parent, guardian, or eligible student (eligible students are those 18 years of age or over and/or those attending a post-secondary institution).

STUDENT GOVERNMENT

Philosophical Basis:

Effective student governments are the forums for the training and involvement of students in the democratic processes. Members of the school community share the responsibility for shaping governments into positive instruments for student involvement.

Student Responsibilities:

- ⇒ To elect student government officers and representatives who are responsive to the needs of the school and who will work constructively toward the resolution of such needs
- ⇒ To become knowledgeable of School policies governing the actions of students
- ⇒ To conduct election campaigns in a positive, mature manner, with all due respect provided their opponents
- ⇒ To attend regularly scheduled meetings, if an elected student representative, and exhibit appropriate conduct at all times

Student Rights:

- ⇒ To form and operate a student government within the respective schools under the direction of a faculty advisor

- ⇒ To have access to policies of the School Board and the individual school policies governing the actions of students
- ⇒ To seek office in student government, or any school organization, regardless of race, sex, color, creed, or political beliefs
- ⇒ To attend, as student government officers and representatives, official student government meetings upon approval of such meetings by the school principal, or his/her designee

STUDENT PUBLICATIONS

Education is the process of inquiry and learning, acquiring and imparting knowledge, and exchanging ideas. One of the important roles of the school is to provide effective avenues through which students may express themselves on a wide range of subjects. Official student publications, such as school newspapers, should include viewpoints representative of the entire student body.

Student Responsibilities:

- ⇒ To refrain from publishing libelous and obscene materials, to seek full information on the topics about which they write and to observe normally accepted rules for responsible journalism under the guidance of the faculty advisor

Student Rights:

- ⇒ To participate in the development and distribution of publications as a part of the educational process

STUDENT SURVEYS

The Protection of Pupil Rights Amendment (PPRA) requires School Board of Levy County to notify you and obtain consent or allow you to opt your child out of participating in certain school activities. These activities include a student survey, analysis, or evaluation that concerns one or more of the following eight areas (“protected information surveys”):

1. Political affiliations or beliefs of the student or student’s parents;
2. Mental or psychological problems of the student or student’s family;
3. Sex behavior or attitudes;
4. Illegal, anti-social, self-incriminating, or demeaning behavior;
5. Critical appraisals of others with whom respondents have close family relationships;
6. Legally recognized privileged relationships, such as with lawyers, doctors or ministers;
7. Religious practices, affiliations, or beliefs of the student or parents; or
8. Income, other that as required by law to determine program eligibility.

STUDENT GRIEVANCES

The purpose of this rule is to provide a framework within which students can present grievances to the faculty and administration of the Levy County School District for speedy and just resolution. Informal settlements at any stage of the procedure shall be binding on all parties, but shall not constitute a precedent for any subsequent grievance proceedings.

Any dispute concerning the interpretation and/or application of students rights and responsibilities policy adopted by the School Board of Levy County may be grieved under the procedures hereinafter set forth. However, the grievance procedure shall not be applicable to suspensions and expulsions from Pre-K, kindergarten, elementary, or secondary schools, nor shall a grievance operate to delay the administration of other unrelated disciplinary measures.

A. Grievance Procedure

1. When a dispute arises, the student must first discuss the complaint informally with the person against whom it is directed. The student may seek the assistance of the Student Services personnel, or other faculty members, and/or his/her parent(s) or guardian(s) in mediating the dispute. The student may be accompanied by his/her parent(s) or guardian(s) or other representative at all steps in this process in order to arrive at an equitable resolution to a dispute.
2. If the dispute is not resolved by informal discussion, the student may submit a written, signed grievance to the principal, or his/her designee, not later than the close of the tenth (10th) school day following the alleged incident prompting the grievance. The written grievance must include a description of the dispute and the facts, as well as an explanation of the desired resolution of the grievance. The principal, or his/her designee, shall act upon the grievance within ten (10) school days, holding such conferences with the student as necessary. A written answer shall be provided by the principal or his/her designee, to the student.
3. Unless safety or the learning environment for other students is at risk, all negative consequences for the grievant shall be held in abeyance from the date the appeal is submitted until its completion. However, affirmative relief sought by a student shall not be applicable until the appeal is completed in a manner favorable to the student.
4. If the principal's, or his/her designee's, decision is unacceptable to the student, he or she may submit to the Superintendent of Schools, or his/her designee, a written, signed grievance. The grievance shall state with specificity all material facts which are not in dispute, as well as evidence or explanation for disputed facts, together with the specific rule, policy, or statute claimed to have been violated. The grievance shall also include a true copy of all documents which were presented to or considered by the principal, or his/her designee, and a copy of the written disposition by the principal, or his/her designee. No new information may be added to the documentation.

5. The grievance must be submitted to the Superintendent, or his/her designee, not later than five (5) school days following notification of the principal's, or his/her designee's, decision. The Superintendent, or his/her designee, shall conduct a hearing if necessary to resolve disputed facts, and shall issue and serve a written decision within fifteen (15) school days to the student and to the appropriate principal, or his/her designee, following such consideration as the Superintendent, or his/her designee, deems proper. The decision of the Superintendent, or his/her designee, shall include appropriate findings of fact and shall include a true copy of all documents which were presented to, or considered by, the Superintendent, or his/her designee, in reaching his/her decision.
6. If the Superintendent's, or his/her designee's, decision is unacceptable to the student, he or she may submit a signed grievance to the School Board. Such submission must be within five (5) school days following notification of the Superintendent's, or his/her designee's, decision and shall be filed with the Superintendent, or his/her designee. The grievance shall be accompanied by a true copy of the Superintendent's, or his/her designee's, written decision, together with a true copy of all documents presented to or considered by the Superintendent, or his/her designee, in reaching his/her decision. No additional testimony or evidence will be heard or considered by the Board.
7. Within ten (10) days of the receipt of the student's grievance addressed to the Board, the Superintendent, or his/her designee, shall file with each member of the Board the student's grievance and supporting documents, together with the Superintendent's, or his/her designee's, written response. The Superintendent, or his/her designee, shall cause the grievance to be considered at the next meeting of the Board at which time matters for consideration are included, and shall notify the student of the date, time, and place of such meeting. The Board will not consider any matters which were not previously raised in the grievance filed with the Superintendent or his/her designee.
8. The Board may permit the student and/or his/her representative and the Superintendent, or his/her designee, to make a brief oral presentation to the Board. The order and time limits of the presentation shall be:
 - a. Student and/or representative (5 minutes);
 - b. Superintendent and/or staff (5 minutes);
 - c. Student response (3 minutes);
 - d. Superintendent's, or his/her designee's, response (3 minutes);
 - e. Board questions;
 - f. Student's closing comments (1 minute);
 - g. Superintendent's, or his/her designee's, closing comments (1 minute); and
 - h. Board discussion and action.

The decision of the Board shall be final.

**STUDENT REMOVAL FROM
CLASSROOM SETTING
FLORIDA STATUTES 1003.32**

A teacher may remove a student from the classroom setting in accordance with administrative guidelines and the following conditions:

1. Teachers and other instructional personnel shall have the authority to undertake any of the following actions in managing student behavior and ensuring the safety of all students in their classes and school:
 - a) Have disobedient, disrespectful, violent, abusive, uncontrollable, or disruptive students temporarily removed from the classroom for behavior management intervention.
 - b) Have violent, abusive, uncontrollable, or disruptive students directed for information or assistance from appropriate school or district personnel.
2. A teacher may remove from class a student whose behavior the teacher determines interferes with the teacher's ability to communicate effectively with the students in the class or with ability of the student's classmates to learn.

BUS DISCIPLINE

Students shall be subject to progressive disciplinary action for each bus disciplinary referral. To ensure the safety and welfare of pupils and employees, cameras may be used to monitor behavior on the school bus. Disciplinary action may occur based upon the evidence of the videotapes.

**PARTICIPATION IN
EXTRACURRICULAR ACTIVITIES**

To participate in interscholastic/extracurricular activities, students will be subject to the following attendance requirements:

- If a student has five unexcused absences in a nine week grading period they will be placed on probation, and the student and the parent will be required to sign an improvement contract.
- If the student has five unexcused absences the following nine weeks, the student will be placed on extra-curricular suspension. This suspension is lifted after a successful nine weeks attendance period in which the student missed fewer than five unexcused absences.
- A student must attend school at least four periods in order to participate in extracurricular activities that day.

Probation:

Probation will require a weekly progress report be submitted by the student to their sponsor or coach. This progress report will include all three areas of concern: Attendance, Academics, and Discipline. It will be the student's responsibility to provide that progress report to the sponsor or coach. Failure to do so will result in no participation in extracurricular activities until it is provided.

The progress report must be signed by the student's teachers, and signify that they have maintained minimum requirements for that week.

To participate in interscholastic extracurricular activities, students will be subject to the following academic requirements:

- Students must maintain a 2.0 GPA to participate in interscholastic/extracurricular activities. Students who start an activity below a 2.0 GPA would start on probation.
- If a student's GPA falls below a 2.0 GPA, then they will be placed on probation (excludes FHSAA sports).
- Probation requirements are outlined above.
- If the 2.0 GPA isn't maintained for the next nine week grading period, the student will be on extra-curricular suspension until they have a 2.0 GPA.

To participate in interscholastic/extracurricular activities, students will be subject to the following discipline requirements:

- If a student receives In-School Suspension, they may not participate in extracurricular activities the day they serve ISS.
- If a student accumulates five days of ISS, or one day of Out of School Suspension, they will be placed on probation.
- OSS totals beyond one day in a nine week grading period would result in extracurricular suspension for the next 30 calendar days.

To participate in interscholastic/extracurricular activities, students will be responsible for paying a student activity fee of \$20. This is an annual fee collected once regardless of the number of interscholastic/extracurricular activities a student participates in.

Interscholastic extracurricular activities include participation in any school-authorized or education-related activity occurring during or outside the regular school day.

If a student is arrested for a felony or a delinquent act which would have been a felony if committed as an adult, he/she shall not be allowed to participate in extracurricular activities until a disposition by a court of law. If convicted the student shall have the privilege to participate in extracurricular activities revoked for the current year and the next year.

Students may be suspended from participation in extracurricular activities for failure to pay for lost or damaged textbooks. The debt may be satisfied by the pupil through community service activities at the school site as determined by the principal or his/her designee. (F.S. 1006.28 (3))

PARENT MEETINGS

Student's parents may be accompanied at any meeting with school district personnel, with another adult of his or her choice to assist the parent or guardian in communicating with school district personnel. If accompanied by more than one adult, there must be prior notification given to the school district personnel. (F.S. 1002.20).

DRESS CODE

The Levy County School Board recognizes that clothing fashions and fads come and go, but distinctions still need to be made as to what is acceptable attire for educational purposes. Some clothing that is appropriate in other settings would be completely inappropriate and disruptive to the learning atmosphere in a school setting. These guidelines shall not infringe upon any student's religious beliefs.

The principal, or his/her designee, is responsible for interpreting and clarifying the Student Dress Code upon student or parent request. The principal, or his/her designee, is the final authority for interpreting and applying the Student Dress Code related to special events conducted at the school.

Students will dress in attire which does not distract from the learning process or the educational environment.

The Levy County School Guidelines that support this concept are the following:

- Students may not wear net or see through clothing, tank tops, halter tops, low-cut tops, or tops that expose the midriff. Spaghetti straps and oversized arm holes are not permitted.
- Clothing shall cover all undergarments and body parts and not expose underwear or body parts in an indecent or vulgar manner.
- Student Dress shall not disrupt the orderly learning environment.
- Belts shall be buckled and all clothing shall be appropriately buttoned.
- Shorts, skirts, or pants shall be worn at the natural waistline.
- Attire (including body tattoos) shall not illustrate, enhance, or depict tobacco/alcohol/drugs nor have offensive racial, satanic, gang-related, sexually suggestive, obscene, or violent messages. This includes colored bandanas which can carry gang-related symbolism.
- Shoes shall be worn at all times; shoes with wheels are not permissible.
- Skirts, shorts, dresses, and slits in dresses shall be at least fingertip length or longer. Clothing with holes shall also conform to this requirement, and no holes should be above the fingertip length.
- Skirts, shorts, dresses, and pants that are too tight shall not be permitted, e.g., bicycle shorts, aerobic shorts, leggings, etc.
- Pajamas, bedroom slippers, and sleepwear are not permissible.
- Hats/caps are not permitted to be worn inside any building
- In accordance with Florida Statutes 1001.43, students may wear sunglasses, hats, or other sun protective wear while outdoors during school hours.
- In accordance with Florida Statutes 1002.20, students may possess and use over-the-counter topical sunscreen product while at school or at a school-sponsored event without a physician's note or prescription.

INDIVIDUAL SCHOOLS MAY HAVE ADDITIONAL DRESS CODE REQUIREMENTS TO MEET COMMUNITY AND/OR SCHOOL NEEDS.

DISCIPLINARY RESPONSE CODE

In order to establish reasonable consistency in the schools, a uniform Disciplinary Response Code has been developed. Schools and teachers may develop individual rules and disciplinary practices to deal with individual school or classroom problems which supplement this Code and which are not in conflict with it. The Code of Student Conduct and Student Rights and Responsibilities apply to all students enrolled in the Levy County Public Schools in pre-kindergarten through grade 12.

This section of the Code of Student Conduct and Student Rights and Responsibilities identifies infractions for which a student may be disciplined and sets forth disciplinary responses which are appropriate for the infraction. Each infraction is defined in this section of the Code and is accompanied by a listing of appropriate disciplinary responses. In the section immediately following the Disciplinary Response Code, a brief explanation of appropriate disciplinary responses is provided along with a description of major procedures which are followed to ensure procedural due process is afforded when a more severe discipline action is considered or given.

Disciplinary infractions and the responses to them are divided into four levels. Each level represents progressively more serious infractions culminating in Level IV offenses. Disciplinary responses to infractions become progressively more severe as one moves upward in the levels of misconduct.

In choosing an appropriate disciplinary response for offenses below Level IV, school personnel may select from the disciplinary responses appropriate to the level of the offense or may select from the response options at lower levels as they deem appropriate to the circumstances and the nature of the student. Level IV offenses require a ten (10) day suspension and a recommendation for expulsion from public schools for a minimum of one semester. School personnel may choose to recommend a longer period of expulsion if circumstances warrant and the School Board may expel a student for the remainder of the school year and all of the next school year in accordance with Florida Statutes.

In certain circumstances, a combination of disciplinary responses may be appropriate. For example, for Level I offenses, it may be appropriate to contact the parents of the student while also offering a verbal reprimand.

For a Level II offense, a student might receive a behavior contract accompanied by parental contact and counseling and directions. Generally, however, the more severe the disciplinary response, the more inappropriate it would be to combine optional responses of a severe nature. One would not, for example, impose corporal punishment and a suspension from school.

Students and parents are encouraged to study the Disciplinary Response Code as well as local school rules in order to understand the response to conduct on the school campus or while under the jurisdiction of the School Board and its employees.

LEVEL I - DISCIPLINE RESPONSE CODE

Level I offenses are minor acts of misconduct which interfere with the orderly operation of the classroom, a school function, or transportation by bus.

The misconduct should be handled first by the individual staff member involved. When additional action becomes necessary because of continued violation or other serious concerns, the student will then be referred to the school administrator or designee for disciplinary action.

The school administrator or designee, after review of the student's explanation, consultation with school personnel involved, and further investigation (when needed), will determine the appropriate assignment of disciplinary action.

Level I:

- ⇒ Parent contact
- ⇒ Counseling and direction
- ⇒ Verbal reprimand
- ⇒ Special work assignment
- ⇒ Withdrawal of privileges
- ⇒ Detention
- ⇒ School/classroom positive/negative reinforcement plan

LEVEL IV - DISCIPLINE RESPONSE CODE

Major acts of misconduct are those of the most serious category. Any of these acts committed shall be sufficient grounds for expulsion, and shall result in a mandatory ten-day suspension with recommendation for expulsion for at least a minimum of one semester, or 18 weeks except as noted below for students in the primary grades. The Superintendent may recommend a student who has made adequate progress academically and behaviorally, return to their regular educational setting prior to serving a full semester (18 weeks), if it is determined to be in the best interest of the student and the school system, and the Board approves.

Major acts of misconduct must be reported immediately to the school administrator or designee and may result in immediate removal of the student from the school.

The school administrator or designee shall quickly assess the situation. When an emergency exists, procedures for handling the emergency shall be put into effect immediately to reduce the state of emergency. The school administrator or designee will follow the established investigative procedure and the assignment of the appropriate disciplinary action.

For students in kindergarten through third grade, the disciplinary response procedure shall be parental contact, ten (10) days suspension from school, and a written behavior contract which shall serve as a period of probation for a minimum of one semester. The principal/designee may place a student in an alternate placement location on a temporary basis, in lieu of suspension, pending the final recommendation by a District Administrative Discipline Review Committee (DADRC). The DADRC meeting should be arranged within 24 hours of the offense, and held as soon as possible. In severe cases, the principal, or his/her designee, may elect to recommend expulsion immediately. In selecting this action, the principal, or his/her designee, shall consider the age, the prior discipline record, the seriousness of the behavior, the intent of the student, and if the health, safety, and welfare of other students and/or staff has been endangered.

A violation of the probation during this period shall cause the disciplinary response to be advanced to expulsion from school for a minimum of one semester.

Level IV:

- ⇒ Parental contact (mandatory)
- ⇒ Suspension from school with possible recommendation for expulsion
- ⇒ Probationary plan (available only for grades kindergarten through third grade)
- ⇒ Placement in an alternate on-campus location on a temporary basis pending the final recommendation by a District Administrative Discipline Review Committee (DADRC). Local law enforcement authorities shall be notified as soon as possible when one of the above offenses is committed. This provision shall not be construed to remove the School Board's or Superintendent's, or his/her designee's, discretion in cases where mitigating circumstances may affect decisions on disciplinary action (reference School Board Policy 5.13)
- ⇒ Violent or disruptive students will be assigned to an alternative educational program or referred to mental health services identified by the school district. Any student who is determined to have brought a firearm or weapon to school or who is determined to have made a threat or false report, in addition to other existing actions, must be referred to mental health services identified by the school district [per s. 1012.584(4)] for evaluation or treatment.

FORMAL DISCIPLINARY ACTION: DEFINITIONS

To assist in understanding terms used in regard to discipline in this Code, this section of the Code of Student Conduct and Student Rights and Responsibilities provides specific definitions of major terms utilized in the Disciplinary Responses to misconduct.

- A. **Behavior Contract:** A written contract developed between the student and a teacher, the principal, and/or other school personnel. Parental involvement is highly recommended.
- B. **Confiscation of Unauthorized Materials/Contraband:** Students who bring to the school campus or to a school function materials or items which are prohibitive or which are contraband may have the item or items confiscated. Once confiscated, the return of such items shall be at the discretion of the school.
- C. **Corporal Punishment:** Corporal punishment is the moderate use of physical force or physical contact in the form of paddling by a principal, or his/her designee, as may be necessary to maintain discipline or to enforce school rules.

Reasonable force used by a teacher, principal, or assistant principal as may be necessary to protect themselves or others from a disruptive student or reasonable restraint necessary to protect an individual or property are permissible and are not considered punishment. The use of corporal punishment shall be in compliance with Florida Statutes.

- D. **Counsel and Direction:** Students involved in misconduct may be given counsel and direction in a conference with the staff or administration; the misconduct is discussed and future expectations outlined.
- E. **Detention:** Students can be detained before, or after school hours for misconduct with approval of the principal, or his/her designee. Parents or guardians are to be notified that the student will be detained. Responsibility of transportation is that of the student and/or the parent or guardian.
- F. **Expulsion:** Expulsion is defined as the removal of the right and obligation of a student to attend a public school in Levy County for a period of time and under conditions set by the School Board not to exceed the remainder of the term or school year and one additional school year of attendance. The School Board of Levy County has the sole right to expel a student from school upon recommendation of the Superintendent, or his/her designee.
- G. **Students with Disabilities:** Disabled students are subject to the same disciplinary action as non-disabled students so long as the disciplinary action does not violate Free and Appropriate Education (FAPE) as a complete cessation of educational services, which is prohibited by law.

A disabled student may be expelled for reasons set forth in this Code provided that the student is afforded the procedural safeguards set forth in the Code and that it is determined by professionals with expertise to make such a decision that the student's offense is not related to his/her specific disability.

In instances where such a student presents an unreasonable hazard to the health, safety, and welfare of others, he/she may be removed from the normal school setting or current assignment until appropriate procedures are followed provided that this does not result in a complete cessation of educational services.

- H. **In-School Suspension:** Students may be removed from a class or classes and assigned to other activities on the school campus. Other activities may include supervised work details.
- I. **Parent Conferences/Contact:** In cases of student misconduct, a conference between school personnel and the parent or guardian may be held to discuss student behavior. During this conference, future plans, alternative educational opportunities, or behavior contracts may be determined.
- J. **Payment for Damages:** Students destroying school property or property of others may be assessed for payment of damages and their parents may be held responsible to assure payment.

- K. **Post-Expulsion Plan:** A written contract or plan to be developed for each student expelled by the School Board from attending school. The development of such a plan is a school-level function to be developed when the student returns from expulsion.
- L. **Probation Contract:** In kindergarten through grade three, a student who commits a Level IV offense may, at the option of the principal, or his/her designee, be placed on a probationary contract in lieu of expulsion. Such a contract will spell out the expectations of the student and must include parental involvement and cooperation. Violation of such a contract may result in an immediate recommendation for expulsion minimum of one semester.
- M. **School/Classroom Positive/Negative Reinforcement Plans:** Individual schools and/or teachers may develop structured discipline plans to encourage appropriate behaviors.
- N. **Special Programs - Alternative Classrooms:** Students may be assigned to special programs on the school campus or at special centers to assist in correcting student misbehavior and disruptive behavior.

- P. **Suspension:** Suspension is the temporary removal of the student from the regular school program not to exceed ten (10) school days on any one act of misconduct. A Manifestation Determination meeting must be held for an Exceptional Education Student who is suspended from school for more than ten (10) days to determine if the student's disability and a specific behavior is a manifestation of the student's disability that may result in disciplinary action. The disciplinary action shall not result in cessation of educational services. The District is responsible for providing educational services in accordance with the Individual Education Plan (IEP). A Manifestation Determination Meeting must be held for a student with a Section 504 Plan who is suspended for more than ten(10) days to determine if the conduct in question caused by, or had a direct and significant relationship to, the student's disability. The team must also consider if the conduct in question is a direct result of the school district's failure to implement the Section 04 Accommodation Plan.
- Q. **Suspension/Expulsion From Bus Riding Privileges:** Students may be suspended from bus riding privileges for misconduct on the school bus for up to ten (10) school days. The School Board may expel a student from bus transportation for longer periods of time. A student suspended from bus riding privileges continues with the responsibility to attend school. The responsibility for transportation to and from school for the duration of the suspension now becomes the responsibility of the student or the student's parents.

- R. **Verbal Correction/Reprimand:** Any member of the school staff may verbally correct a student for misconduct in the classroom, hallways, on the school grounds, going to and from school, or at a scheduled school function.
- S. **Work Details:** Students may be required to serve on work details at the school for misconduct. Each work detail shall not endanger the health or safety of a student.
- T. **Withdrawal of Privileges:** The temporary withdrawal of privileges which do not impact the health and safety of students nor impair the development of the basic academic program for the student.

Timelines for periodic review and sharing of information shall be scheduled.
8. If the student is returning from a community program (i.e. rehabilitation center, hospital, Baker Acted/SCU, DJJ/Detention, jail, involvement with DCF because the student was removed from the home due to a traumatic event), when aware, the School Counselor will arrange a team meeting of appropriate school personnel with a representative from the involved community agency, and the parents/guardian to discuss the student's return to school and the services/support that are needed to help the student successfully transition back to school.
9. If the referral is made for school based Mental Health Services, the School Counselor will complete the formal Mental Health Referral Form and submit to the mental health practitioner. Upon receipt of the referral by the mental health practitioner, the School Counselor will be contacted to arrange a team meeting with the appropriate school personnel and mental health practitioner to discuss the student's behavior, interventions implemented, the student's lack of progress and the need for more intensive services.
10. The mental health practitioner will conduct screenings and assessments to determine the need(s) of the student and based on the data/results will make recommendations for further services and/or implement a mental health intervention.

11. If it is determined from the screening and assessment data that mental health services are not needed, the mental health practitioner will make recommendations based on the screening and assessment data; and will conduct follow-up and monitoring to ensure that the recommendations are implemented and the student's behavior is improving.
12. If it is determined from the screening and assessment data that mental health services are needed, the mental health practitioner will establish goals and timelines for follow-up, monitoring, and evaluation of the student's progress; as well as discuss with the School Counselor and team members timelines for the team to reconvene to discuss the student's behavior, progress, lack of progress, or the need for a more therapeutic treatment plan and community services.
13. If the mental health interventions are successful, the intervention will be continued until services are no longer needed. Periodic monitoring will be provided to ensure the student is maintaining emotional stability/appropriate behavior.
14. When a more therapeutic treatment plan or additional community services are needed the School Counselor will be contacted to arrange a team meeting with appropriate personnel to discuss the student's needs and make appropriate referral(s) for the needed services (i.e., medical, DCF, parent/family assistance etc.).

DUE PROCESS PROCEDURES FOR SUSPENSION OF DISABLED STUDENTS

A. Suspension

1. School personnel may remove a student with a disability who violates the code of conduct from the current placement for not more than 10 days.
2. After 10 days of Out of School suspension, a Manifestation Determination Meeting is required and all subsequent removals require additional manifestation determination meetings. Procedural Safeguards are provided to parents/guardian consistent with State Board Rule 6A-6.03311. The disciplinary action shall not result in cessation of educational services.
3. The IEP team reviews the incident(s) subject to discipline, IEP and all relative data (FBA, PBIP, formal evaluations, observations, parent/student input, medical records, discipline records, etc). 34 CFR 300.530 (e)
4. The IEP team determines if the conduct in question was the result of the district's failure to implement the IEP or if the behavior was caused by or has a direct and substantial relationship to the student's disability.

5. If the behavior is a manifestation of the student's disability then the IEP team must conduct a FBA/PBIP or Review and modify PBIP and return student to previous placement. A change of placement can occur if the parent and district (school) agree.
6. If the behavior is not a manifestation, IEP team may determine educational placement as the student may be treated as a student without a disability if the IEP team determines there is not a relationship between the misconduct and the disability. The student must be provided FAPE if removed for more than 10 cumulative days in a school year.

Educational services may be provided in an alternative setting, to enable the child to participate in the general education curriculum and progress toward IEP goals. 34 CFR 300.530(d)(i).
7. The disciplinary action shall not result in cessation of educational services.
8. In order to protect the rights of students and parents, the principal, or his/her designee, shall follow the procedures for suspension as contained in School Board Policy 5.10.
