Summary of Home Education Requirements

Section 1002.01, F.S., defines home education as “the sequentially progressive instruction of a student directed by his or her parent or guardian in order to satisfy Florida’s compulsory education requirements.”

Florida Statute 1002.41 specifies the **responsibilities of parents** who establish a home education program:

- Send a written notice of intent to the school district superintendent. The notice must be filed within 30 days of beginning the home education program and must include the following information:
 - Name of the home education student(s).
 - Birthdate(s).
 - Address
 - Parent's signature
- **Maintain a portfolio of educational records.**
Statute defines a “portfolio” as a log of educational activities which is made contemporaneously with the instruction and which designates by title any reading materials used, and samples of any writings, worksheets, workbooks or creative materials used or developed by the student.
- Make the portfolio available for inspection by the Superintendent of Schools upon 15-day written notice. (The statute does not require the superintendent to inspect all portfolios.).
- **Provide an annual educational evaluation** of the child’s educational progress to the Superintendent of Schools. The evaluation must consist of **one** of the following:
 1. A Florida certified teacher chosen by the parent may evaluate the child's progress based on a review of the portfolio and discussion with the student.
 2. The child may take any nationally-normed student achievement test administered by a certified teacher.
 3. The child may take a state student assessment test at a location and under testing conditions approved by the school district.
 4. The child may be evaluated by a psychologist holding a valid, active license pursuant to Section 490.003 (7) or (8), F.S.
 5. The student may be evaluated with any other valid measurement tool as mutually agreed upon by the parent and the superintendent (*e.g., transcripts of online courses completed*).
