Personnel files are the property of the employer. Access to the information contained in the personnel file of each employee is open to public inspection, with the exception of those restrictions set forth in F.S. 1012.31 and 119. With reasonable advance notice, an employee may review material in a personnel file. Information exempt from public inspection consists of the following:

a. Complaints or material relating to an on-going investigation.
b. Performance evaluations prepared before July 01, 1983.
c. Current performance evaluations and the evaluations from the previous year.
d. Derogatory material that may be cause for discipline, suspension, or dismissal.
e. Payroll deduction records.
f. Medical records, including psychiatric, psychological, and/or mental health counseling.
g. District employees' name and home address relating to DCF (Department of Children and Families), Law Enforcement, active firefighter; court justice; appeal, circuit or county judge.

h. Any information revealing undercover personnel of a criminal justice agency, law enforcement personnel and DCF (Department of Children and Families).

i. References prior to employment that are marked confidential.
j. Confidential information can be shared with another person or agency when required by law and when the employee gives written consent for release of information.

**ALCOHOL & DRUG-FREE WORKPLACE**

No employee or student shall manufacture, distribute, dispense, possess, or use on or in the workplace, or be under the influence of any alcoholic substance, any intoxicating or auditory, visual, hallucinogenic drug, amphetamine, barbiturate, marijuana, or any other controlled substance, in the workplace, as defined by Federal Law or Florida Statute Ch. 893, or any counterfeit of such drugs or substances, all being collectively referred to as drugs.

Alcohol beverages in any form, drugs and controlled substances (except as defined by School Board policy 6.45 and 6.46) are barred from all school property, buildings, and functions sponsored by the public schools of Levy County.

Work place is defined to mean any site for the performance of work done in connection with employment. This includes any building on School Board property, any vehicle used to transport students to and from school, and any school sponsored curricular or extra-curricular activity, event or function, on or off School Board property where students are under the jurisdiction of the Board. Each job offer is contingent on a negative drug test. When reasonable suspicion exists, employees may be required to submit to a drug test. Refusal to test or positive results are grounds for termination.
BLOODBORNE PATHOGENS EXPOSURE PLAN

Universal precautions will be observed by all employees to prevent contact with blood or other potentially infectious materials. Annual training will be provided to employees who are employed in an identified occupational exposure position. The Principal/Supervisor is responsible for monitoring this process and ensuring that universal precautions are observed. Employees who have been identified as working in occupations that expose them to blood or other potentially infectious materials will be offered the Hepatitis B vaccine at no cost to the employee. Vaccines will be given through an agreement with the Levy County Health Department.

CHILD ABUSE

Each school district employee is considered a “mandated reporter.” All employees have an affirmative duty to report all cases of actual or suspected cases of child abuse or neglect, and shall have immunity from liability if such cases are reported in good faith. The failure of an employee to report suspected cases of child abuse shall subject the employee to disciplinary measures. Should a certificated employee fail to report, they would automatically be referred to the Bureau of Professional Practices at the Florida Department of Education. Teachers are required to take a onetime online course on recognizing and reporting child abuse, which can be found at www3.fl-dcf.org/RCAAN/index.aspx. Employees should send the certificate of completion to the Personnel Department.
CLEAN INDOOR AIR ACT

All uses of tobacco/vape products in any form are prohibited in any District-owned facility, property, or vehicle at any time.

CODE OF ETHICS

The code of ethics governs professionalism through integrity and consists of those principles of professional conduct that govern the education profession in Florida. The State Board of Education approved the principles of professional conduct on July 21, 1992 (Rule 6B-1.006, FAC). Violation of any of the principles of professional conduct shall subject the individual to sanctions against the certificate, which may include revocation or suspension of the individual educator’s certificate, or the other penalties as provided by law. All employees are encouraged to read, understand and become familiar with these principles (Rule 6B-1.00, FAC). Certified employees may become ineligible for employment should they commit any of the felonies or misdemeanors listed in FS. 1012.315 (*Note – current employees who have committed one of these felonies in the past will also be disqualified from employment.)

PRINCIPLES OF PROFESSIONAL CONDUCT FOR THE EDUCATION PROFESSION IN FLORIDA

(1) Florida educators shall be guided by the following ethical principles:

3. Shall not interfere with a colleague’s exercise of political or civil rights and responsibilities.
4. Shall not engage in harassment or discriminatory conduct which unreasonably interferes with an individual's performance of professional or work responsibilities or with the orderly processes of education or which creates a hostile, intimidating, abusive, offensive, or oppressive environment; and, further, shall make reasonable effort to assure that each individual is protected from such harassment or discrimination.
5. Shall not make malicious or intentionally false statements about a colleague.
6. Shall not use coercive means or promise special treatment to influence professional judgments of colleagues.

9. Shall not make any fraudulent statement or fail to disclose a material fact in one’s own or another’s application for a professional position.
10. Shall not withhold information regarding a position from an applicant or misrepresent an assignment or conditions of employment.
11. Shall provide upon the request of the certificated individual a written statement of specific reason for recommendations that lead to the denial of increments, significant changes in employment, or termination of employment.
12. Shall not assist entry into or continuance in the profession of any person known to be unqualified in accordance with these Principles of Professional Conduct for the Education Profession in Florida and other applicable Florida Statutes and State Board of Education Rules.

13. Shall self-report within forty-eight (48) hours to appropriate authorities (as determined by district) any arrests/charges involving the abuse of a child or the sale and/or possession of a controlled substance. Such notice shall not be considered an admission of guilt nor shall such notice be admissible for any purpose in any proceeding, civil or criminal, administrative or judicial, investigatory or adjudicatory. In addition, shall self-report any conviction, finding of guilt, withholding of adjudication, commitment to a pretrial diversion program, or entering of a plea of guilty or Nolo Contendere for any criminal offense other than a minor traffic violation within forty-eight (48) hours after the final judgment. Rulemaking Authority 1004.04, 1004.85, 1012.34, 1012.56 FS. Law Implemented 1004.04, 1004.85, 1012.34, 1012.56 FS. History–New 7-2-98, Amended 2-13-11, 11-22-22, 2-21-23, 5-23-23.
EMPLOYEE RELATIONS

The employer believes that the work conditions, wages, and benefits that are offered to its employees are competitive with those offered by other school districts in this region. If employees have concerns about work conditions or compensation, they are strongly encouraged to voice these concerns openly and directly to their immediate supervisors. Our experience has shown that when employees deal openly and directly with supervisors, the work environment can be excellent, communications can be clear, and attitudes can be positive. We believe that our school system amply demonstrates its commitment to employees by responding effectively to employee concerns.

If employees prefer to exercise the right to be represented by a collective bargaining agent, the school board will respect that choice. As some employees in the Levy County School System have already chosen third party representation, we affirm our commitment to retaining positive relationships with the existing bargaining unit.

EMPLOYMENT CATEGORIES

In order to clarify the definition of employment classifications so that employees understand their employment status and benefit eligibility, each employee is designated as either NONEXEMPT or EXEMPT from federal and state wage and hour laws. **Overtime work must be authorized in advance by the worksite supervisor in order to receive compensation.**

NONEXEMPT employees are entitled to overtime pay under the specific provisions of federal and state law. If there is a bargaining agreement or contract, the employer is obligated to follow the terms of the agreement. Examples of job types classified under this category include: bus drivers,
food service workers, custodial workers, aides, clerical workers, secretarial staff, bookkeepers, clerks, skilled laborers.

EXEMPT employees are excluded from minimum wage and overtime specific provisions of the Fair Labor Standards Act. Examples of job types classified under this category include: teachers, directors, supervisors, principals, administrators, attorneys, and other employees designated as professionals. These employees do not have to be paid overtime when they work more than 40 hours in a workweek.

In addition to the above, each employee will belong to one other employment category:

TEMPORARY employees are those who are hired as interim replacements, to temporarily supplement the work force, or to assist in the completion of a specific project. Employment assignments in this category are of a limited duration. Employment beyond any initially stated period does not in any way imply a change in employment status. Temporary employees retain that status unless and until notified of a change. While temporary employees receive all legally mandated benefits (such as workers' compensation insurance and social security), they are ineligible for the entire employer's other benefit program. Substitute employees are an example.

PROBATIONARY employees are those whose performance is evaluated to determine whether further employment in a specific position or with the organization is appropriate. Employees who satisfactorily complete the probationary period will be notified of their new employment classification.

REGULAR FULL-TIME employees are those who are not in a temporary or probationary status and who are regularly scheduled to work the organization's full-time schedule. Generally, they are eligible for the employer's benefit package, subject to the terms, conditions, and limitations of each benefit program.

REGULAR PART-TIME employees are those who are not assigned to a temporary or probationary status and who are regularly scheduled to work less than the full-time work schedule. Regular part-time employees are eligible for some benefits sponsored by the employer, subject to the terms, conditions, and limitations of each benefit program.
EXPERIENCE VERIFICATION

Each year of experience to be counted for salary purposes must meet the criteria prescribed by law. Experience credit may not exceed the limits established by the board or the terms of a negotiated agreement. All experience verification must be:

a. Provided on SBLC Experience Verification Form or on business stationary by former employers or by a notarized affidavit(s),

b. Specify the date(s) of employment, job title, and whether the position was full-time or part-time employment.

c. The number of hours worked per week must be included for part-time employment,

d. Self-employed experience (i.e. family business) must be verified by an individual knowledgeable of the applicant's service.

NOTE: Verification will not be accepted from the applicant or a family member.

Florida nonpublic school teaching experience will be credited provided the school is registered and accredited by SACS or the Florida Association of Nonpublic schools.

No experience credit is approved for substitute or part-time teaching.

Certificated employees (i.e. teachers, administrators) who have worked in a public school system and have applicable experience will receive 100% experience credit for salary purposes. Previous certificated personnel returning to Levy County will enter on the same level of experience as when they left. Additional experience will be added after the employee submits an Employment Verification Form.

Instructional personnel will be paid according to their highest degree earned, in accordance with the master contract. However, to qualify for an advanced degree payment, the advanced degree must be held in the individual’s area of certification. Official transcripts must also be provided before salary is adjusted. When an instructional or administrative applicant is employed by Levy County School Board, the personnel office will process the experience verification paperwork and authorize
the employee's salary. Per SBLC policy 6.06(4), Instructional and Administrative verification will be retroactively paid in accordance with the first day of the contract of the school year in which it is received.

Non-certificated personnel with applicable Levy County School System experience will receive 100% credit experience for salary purposes. Non-certificated personnel who do not have applicable Levy County School System experience will receive only 50% experience credit for salary purposes for full time employment. Part time or substitute experience will not count.

FINGERPRINTING

As of January 01, 1990, Florida law requires that all school board employees and substitutes hired on or after this date must be fingerprinted. It is the responsibility of the employee to pay the processing fee that is established by the Florida Department of Law Enforcement (FDLE). Fingerprint appointments are scheduled with the personnel office and sent to an off-site vendor to be taken and submitted to FDLE and the Federal Bureau of Investigation (FBI). Employees are placed on probationary status pending the processing and determination of compliance with standards for good moral character. When a criminal record is returned, an investigative committee will review the report and complete the investigation to determine if the employee will be retained or dismissed. This information will be maintained with the other confidential records.
If the fingerprint report for an instructional/administrative employee filing for initial certification indicates a criminal history or if the applicant acknowledges a criminal history, the applicant’s records shall be referred to the Bureau of Professional Practices Services for review and determination of eligibility for certification. If the applicant fails to provide the necessary documentation requested by the Bureau of Professional Practices within 90 days after the date of receipt of the certified mail request, the statement of eligibility and pending application shall become invalid.

Effective July 1, 2004, school districts are required to conduct national criminal history checks every five years.

GRIEVANCE

If an employee has a complaint, which he/she believes may become the basis for a grievance, the employee shall discuss the complaint, in an informal manner with his/her immediate supervisor. If the problem is not resolved, the employee may file a formal grievance with the Director of Personnel.

The purpose of the grievance procedure is to resolve at the lowest possible level and in the most expedient and impartial manner, any dispute between members of the bargaining unit and management, concerning the terms of the contract. Employees are encouraged to read the collective bargaining agreement and may refer to the grievance procedure/form in the contract should it become necessary.

Grievance Procedures for Employees Excluded from Bargaining Units** - Whenever an employee feels that he/she has a grievance, including allegations of discrimination, every effort shall be made to arrive at a satisfactory solution of the problem on an informal basis. When this cannot be
done, resort shall be to the more formal procedures provided herein in an effort to resolve a grievance. The grievance procedures for employees excluded from bargaining units shall be as follows:

- Any employee with a grievance shall advise his/her immediate supervisor or the Director of Personnel of said grievance in writing and a copy of the said grievance shall be sent to the Superintendent.

- The written statement of the said grievance must be delivered within sixty (60) days of the alleged violation.

- Grievance Procedures – Grievances should be filed with the following personnel:

HIRING OF RELATIVES

Although the School Board of Levy County has no prohibitions against hiring relatives of existing employees, situations in which relatives work in the same area will be monitored. In case of actual or potential problems, the employer will take prompt action. This may include reassignment, or if necessary, termination of employment for one or both of the individuals involved.

The employment of relatives in the same area of an organization may cause serious conflicts and problems with employee morale because of perceived favoritism. In these circumstances, all parties, including supervisors, leave themselves open to allegations of inequitable consideration in decisions concerning work assignments, transfer opportunities, time-off privileges, training and development opportunities, performance evaluations, promotions, demotions, disciplinary actions, and discharge. In addition to claims of partiality in treatment at work, personal conflicts from outside the work environment may be carried into day-to-day working relationships. Therefore, worksite supervisors and employees need to demonstrate behavior that is above reproach.

IMMIGRATION LAW COMPLIANCE

Levy County School Board complies with the Immigration Reform and Control Act of 1986 and is committed to employing only United States Citizens and aliens who are authorized to work in the United States. As a condition of employment, each new employee must properly complete, sign, and date the first section of the Immigration and Naturalization Service Form I-9. As of January 1, 2021 E-Verify became mandatory in Florida. E-Verify is a tool to help employers electronically confirm their new employees are eligible to work in the United States. Before commencing work,
newly rehired employees must also complete the form if they have not previously filed an I-9 with the Personnel Department, if their previous I-9 is more than three (3) years old, or if their previous I-9 is no longer valid.

IN VOLUNTARY TRANSFERS
The Personnel Department assumes responsibilities for the paperwork (i.e. transfer form, employee status form, etc.).

NON-DISCRIMINATION IN EMPLOYMENT
The Florida Educational Equity Act, Chapter 228.2001 Florida Statutes, requires that public education agencies regularly notify staff, students, and applicants for employment, parents, collective bargaining units, and the general public of its policies of non-discrimination. The following information is posted to comply with the notification requirements of the act.

The district prohibits discrimination in the terms and conditions of employment, and in access to educational programs and activities, and prohibits harassment of any individual or group on the basis of race, color, national origin, gender, age, disability, religion, marital status, or genetic information (and other protected classes included in the district’s nondiscrimination policies).
Lack of English language skills will not be a barrier to admission and participation. OATH OF LOYALTY

Florida law requires that all state employees sign an Oath of Loyalty. This form is a part of your employment-processing package and should be completed along with your other personnel papers at the time of employment.

ORIENTATION

All new employees are encouraged to attend an orientation workshop, which is usually scheduled during preplanning. When a substitute employee is hired in a regular full-time position, this person becomes eligible for benefits and is invited to attend orientation.

OUTSIDE EMPLOYMENT

Outside employment or "moonlighting" on the part of an employee shall not violate the moral standards of the community, or the Code of Ethics of the Education Profession in Florida. Under no conditions shall outside employment conflict with the employee's performance of his/her professional duties or with the extracurricular activities related to his/her position.

PERFORMANCE EVALUATION

The performance of each employee is the key to the overall success of the Levy County School Board in carrying out its mission, goals, and programs. Supervisors and employees are strongly encouraged to discuss job performance and goals on an informal, day-to-day basis so the employee can better understand what the job requires as well as what the supervisor expects of him/her in their job. The success of the school system depends upon the combined efforts of employees, managers, supervisors, and administrative staff. The performance evaluation system is designed to
provide both supervisors and employees the opportunity to discuss job tasks, identify and correct weaknesses, encourage and recognize strengths, and discuss positive, purposeful approaches for meeting goals that would improve student performance, job performance, and the quality of service provided.

PERSONAL DATA CHANGE

All employees are expected to use their legal names in dealing with the Board and other professional agencies. Employees’ mailing addresses, telephone numbers, number and names of dependents, name changes due to marriage or divorce, individual to be contacted in the event of an emergency, educational accomplishments, and other such information should be accurate and current at all times. It is the responsibility of each employee to promptly notify the worksite secretary of any changes in status. The secretary will prepare a written personnel status form indicating the changes or will direct the employee to the appropriate resource. When changes in personal data occur, new forms (such as W-4 forms, retirement forms, insurance, a copy of the new social security card, and driver license) are required.

PROBATIONARY PERIOD

Upon initial hire, the employee serves in a probationary status until a background check is completed and the employee is determined to be in compliance with standards of good moral character. The Board may terminate a probationary employee that is found to have a criminal record.

The probationary period is intended to give new employees the opportunity to demonstrate his/her ability to achieve a satisfactory level of performance and to determine whether the new position meets his/her expectations.

The employer uses this period to evaluate employee capabilities, work habits, and overall performance. All the new and re-hired Educational Staff Professionals (ESP) must demonstrate two (2) years of successful probationary services. Upon satisfactory completion of the probationary period, the person may be recommended as a regular employee.
During the first year of employment, either the instructional employee and/or the employer may end the employment relationship without a breach of contract and without cause.

During the probationary period, new employees are eligible for those benefits that are required by law, such as workers’ compensation insurance and social security. They may also be eligible for other employer-provided benefits, subject to the terms and conditions of each benefit program. Employees should read the information for each specific benefit program for the details on eligibility requirements.

**PROFESSIONALISM**

Each employee (bus driver, food service or maintenance worker, classroom aide or teacher, administrator and other classifications of employees) is expected to demonstrate professional and appropriate behavior. Each employee is expected to abide by school and School Board of Levy County rules, and state and federal laws. Because employees of a school system serve as role models for students, employees are held to the highest standard of conduct (Adams vs. Turlington). In a small rural school district such as ours, the community holds school personnel as examples for children.

**PUPIL SUPERVISION**

Proper supervision of a pupil shall be provided while the student is under the immediate control of the school. Supervision shall be maintained on the school grounds, in classrooms, on the bus, in pupil occupied areas of buildings, on field trips, during any extracurricular activity, at school-sponsored functions, and at any other school related sponsored activity.

Any employee who has responsibility for the supervision of pupils in the performance of their normal duties, or who is assigned duty requiring the supervision of pupils needs to be diligent in supervising each child. Obviously we want each child to be safe. An employee who fails to provide such student supervision by failing to report for duty or by leaving his/her post of duty without being properly relieved of such duty shall be deemed guilty of neglect of duty. Any person charged with such
neglect of duty shall be subject to suspension from duty and termination as provided by law (SB 6.32).

REASONABLE ACCOMMODATIONS IN EMPLOYMENT

In accordance with the Americans with Disability Act (ADA) of 1990, an employee may request reasonable accommodations when he/she meets the criteria of a disability as defined by ADA. ADA has a three-part definition of disability. Under ADA, an individual with a disability has:

- A physical or mental impairment that substantially limits one or more major life activity;
- A record of such an impairment; or
- Is regarded as having such impairment.

Reasonable Accommodations shall be provided that will not impose undue hardship to the school or district. Reasonable accommodations can involve the following:

a. Modifications or adjustments to a job application process that enable or qualify an applicant with a disability to be considered for the position such qualified applicant desires; or
b. Modifications or adjustments to the work environment or to the manner or circumstances under which the position held or desired is customarily performed, that enable a qualified individual with a disability to perform the essential functions of that position; or
c. Modifications/adjustments enabling employees with disabilities to enjoy equal benefits and privileges of employment as are enjoyed by other similarly situated employees without disabilities (i.e. making existing facilities readily accessible and usable by individuals with disabilities, job restructuring, etc.).

Employees desiring reasonable accommodations in employment may contact the personnel office.
SELF-REPORTING RULE

Effective January 1999, all employees are required to comply with the “Self-Reporting Rule” for arrests and convictions. The “Rule” requires employees to self-report to the Director of Personnel within 48 hours any arrests/charges involving the abuse of a child or the sale and/or possession of a controlled substance. In addition, the employee is required to report any conviction, finding of guilt, withholding of adjudication, commitment to a pretrial diversion program, or entering of a plea of guilty or Nolo Contendere for any criminal offense other than a minor traffic violation within 48 hours after the final judgment.

SEXUAL HARASSMENT

The School Board of Levy County forbids sexual harassment in any form, whether by an administrator, teacher, any other adult, or any student on school property or at any school related activity. Sexual harassment consists of unwelcome sexual advances, requests for sexual favors and other inappropriate oral, written or physical conduct of a sexual nature when:

a. Such conduct is made either explicitly a term or condition of an individual's employment;

b. Submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individuals; or

c. Such conduct has the purpose or effect of unreasonable interfering with an individual's work performance or creating an intimidating hostile or offensive working environment.

Sexual harassment may include but is not limited to the following behaviors:
a. Staring or leering with sexual overtones;

b. Spreading sexual gossip, whether true or not;

c. Unwanted sexual comments;

d. Pressures for sexual activity; OR

e. Any unwanted physical contact of a sexual nature.

The Director of Personnel shall be the district's contact person for all matters dealing with sexual harassment. Persons who allege sexual harassment may also report such actions to any teacher, principal, administrator or other responsible person within the school/work site where the action occurred. All complaints shall be reported to the Director of Personnel and investigated as promptly as practicable. Filing a Complaint of sexual harassment will not reflect upon the individual's status, future employment, work assignments, future grades or extra curricular activities. A substantiated charge of sexual harassment shall subject the individual to disciplinary actions.

It is the responsibility of the supervisor/teacher to take steps to prevent, investigate, respond to, and
stop all unlawful sexual activity and/or acts of harassment/discrimination. Failure to take steps to prevent or stop unlawful harassment (sexual and/or discriminatory) may result in not only liability to the employer (School Board) but personal liability to the supervisor or employee.

Retaliation is against the law. Even if the allegation is found to be unfounded or untrue, it is against the law to retaliate when reports are made in good faith.

The rights to confidentiality, both of the complainant and or the accused, will be respected consistent with the Board’s legal obligations and with the necessity to investigate allegations of misconduct and take corrective action when this conduct has occurred.

The School Board of Levy County requires all employees to complete an on-line training on sexual harassment. This training should be completed by October 31, 2023 and can be accessed by logging onto www.britteam.com/login/. Your username is your email address and the password is levy1234.

**TERMINATION**

When an employee resigns or retires from the Levy County School Board, a letter of resignation must be provided to the principal or administrator, with a copy to the Personnel Department for Board acceptance. The letter must include what should be done with unused leave if eligible. In the
interest of better personnel management, it is important to know the reason employees leave their job and how they feel our programs and services might be improved.

**USE OF SOCIAL SECURITY NUMBERS**

The Levy County School Board takes seriously our role in protecting the privacy and confidentiality of our employees and students. We comply with federal and state laws and meet the required standards for securing that information.

As provided in Section 119.071 (5) (a) 3, Florida Statutes, the Levy County School Board hereby makes the following disclosure. We request employee social security numbers to be used for human resource operations such as payroll or benefits eligibility, background checks, medical claims payment, IRS reporting or other functions where they are needed and legally allowed to be used and requested by the Florida Department of Education and or the Federal government.

The school board does not release or disclose social security numbers to other parties except as allowed under state and federal law in performance of official school board business.

This notice is provided with the expectation that you will inform any non-minor individuals whose social security numbers are being collected by the district for the above uses.

**VOLUNTARY TRANSFERS**

When an employee is voluntarily transferred to another school site or location in the district, the
accepting principal or administrator will request permission from the Personnel Department for the transfer. When the transfer is approved Personnel will complete the paperwork.

WEAPONS PROHIBITED

Employees, students and parents are prohibited from carrying any gun, pistol, sword, knife, razor, or any other item which may be used as a weapon on the school grounds, into any school building, or on a school bus, or who conceals such items on the school grounds, within a school building, on a school bus or in an automobile or other vehicle parked on the school grounds or adjacent thereto. COBRA

The Federal Consolidated Omnibus Budget Reconciliation Act (COBRA) gives employees and their qualified beneficiaries the opportunity to continue certain insurance coverage under an employer-sponsored plan when a "qualifying event" would normally result in the loss of eligibility. Some common qualifying events are resignation, termination of employment, or death of an employee; a reduction in an employee's hours or a leave of absence; an employee's divorce or legal separation; and when a dependent child no longer meets eligibility requirements. It is the employee’s responsibility to notify the School Board, in writing, should there be a qualifying event that will result in loss of coverage. Under COBRA, the employee or beneficiary pays full cost of coverage at the employer's group rates plus an administration fee. The Board's COBRA Administrator will provide each eligible employee with a written notice describing rights granted under COBRA when the employee becomes eligible for coverage under the employer’s health insurance plan. The notice contains important information about the employee's rights and obligations.

INSURANCE

Full-time (working a minimum of 25 hours per week) employees are provided an opportunity to participate in Board approved insurance plans that offer a variety of covered services. Employees are encouraged to select the benefit package that best meet their family’s needs. The Board authorizes pre-tax payroll deductions as well as makes a contribution to each full time employee who selects health insurance coverage. A package describing available insurance plan coverage will be provided to you after the Board has approved your employment. Coverage is available the first of the month, after your hire date.

Employees may also participate in the Board approved individual retirement plans [403(b), 457 and 401(k)]. The employee may select from several companies approved by the Board. The contributions to an IRP must be payroll deducted.

RETIREMENT

All new employees automatically become members of the Florida Retirement System (FRS) and are covered by Federal Social Security. Employees contribute a 3% contribution into the FRS fund, the District pays the remainder. The State offers a choice of two retirement options: The pension plan or the investment plan. All new employees will receive a packet from FRS with information regarding the two plans. You will have 8 months from your hire date to make a selection. If you do not make a selection, you will automatically be placed in the Investment plan. When an employee is
ready to retire he/she should contact the District's benefits department. Employees may receive federal social security benefits in addition to state retirement.

**TERMINAL LEAVE PAY**

Upon retirement from the district, any employee or his/her beneficiary, if service is terminated by death, shall receive terminal leave pay for accumulated sick leave up to the maximum allowed by law. Employees transferring to other districts or terminating for reasons other than retirement have the option of receiving terminal leave pay for accumulated sick leave earned in Levy County or transferring their sick leave balance to another district. The employee shall indicate his/her preference by submitting a request to the Board in writing during his/her last month of employment.

**TRAINING OPPORTUNITY**

A variety of training activities are provided throughout the year so employees will have the opportunity to keep abreast of changes in the field of education. The in-service programs are designed to help employees improve student performance, their job performance, foster personal growth and development, as well as assist employees in meeting professional regulations and standards. Using track.nefec.org, employees can search for activities you have enrolled in, ones that have been completed and archived activities (those that are from past validity periods). Also listed are your credentials showing the validity dates of your certificate and the subjects and endorsements you hold. To access Track you will login with your district google email address (ex. John.doe@levyk12.org) and your computer sign on password. A Professional Development Representative at the school site will be the liaison between the school and the Personnel Department. Credit for participation in in-service activities is granted in accordance with the Board’s approved Master In-service Plan for and State Board of Education regulations.
The Personnel Department disseminates information concerning in-service training activities to each school, as well as keeps track of all employees’ in-service points for certification purposes.

**UNEMPLOYMENT COMPENSATION**

Unemployment compensation provides temporary income payments to make up a part of the wages lost to workers who lose their jobs through no fault of their own, and who are able and available for work. It is a temporary income to help individuals absorb some of the shock of unemployment. Employees may be eligible for unemployment compensation benefits if they:

- Are terminated or partially unemployed through no fault of their own; and
- Are able to work and available for work; and are registered for and seeking employment.

To qualify for benefits the employee must file a claim, have the necessary wage credits, and not be subject to any of the disqualification's provided for in the law. Ten-month employees are not eligible for unemployment compensation during the summer. Employees interested in requesting unemployment compensations should contact The Department of Economic Opportunity Reemployment Assistance Program at 850-921-3475.

**UNIFORM AND UNIFORM MAINTENANCE**

The School Board appropriates funds for the purchase and maintenance of specialized clothing, footwear, uniforms and protective paraphernalia for certain categories of employees (i.e. food
service workers, mechanics) because of required regulations and daily exposure to hazardous working conditions.

WORKERS' COMPENSATION INSURANCE

Levy County School Board provides comprehensive workers' compensation insurance program at no cost to employees. This program covers any injury or illness sustained in the course of employment that requires medical treatment or lost time from work. Any employee who sustains a work-related injury or illness should inform his or her supervisor immediately.

No matter how minor an on-the-job injury may appear, it is important that it be reported immediately. This will enable an eligible employee to qualify for coverage as quickly as possible. When a case is turned over to workers' compensation, the insurance carrier, in accordance with Florida Statute, will determine eligibility and benefits available.
