

Dear Families,

This packet is to help support your child's learning at home during this time. Each week has a cover page followed by a weekly work packet. Please only complete the week(s) that your child is at home learning. In this envelope, we have included additional resources to use at home. It has a list of great websites, apps, and books that can be read to them. This envelope also has sight words, reading passages, and handwriting sheets that can be used over multiple weeks of learning, if needed. We hope you find this helpful, and that your child can continue learning and growing from home!

Thanks,

-The HCES Kindergarten Team
