REVISED POLICY - VOL. 19, NO. 1

8420 - EMERGENCY MANAGEMENT, EMERGENCY PREPAREDNESS, AND EMERGENCY RESPONSE AGENCIES

Emergency Management and Emergency Preparedness

The School Board recognizes that its responsibility for the safety of students and staff requires that it formulate and prescribe in consultation with appropriate public safety agencies emergency management and emergency preparedness procedures for all public schools in the District, including emergency notification procedures for life-threatening emergencies, including, but not limited to, fires; natural disasters; bomb threats; weapon-use, hostage and active shooter situations; hazardous materials or toxic chemical spills; weather emergencies, including hurricanes, tornadoes, and severe storms; and exposure as a result of a manmade emergency and that such emergencies are best met by preparedness and planning.

The active shooter situation training for each school must engage the participation of the School Safety Specialist, threat assessment team members, faculty, staff, and students and must be conducted by the law enforcement agency or agencies that are designated as first responders to each school's campus.

Pursuant to Policy 8405 - School Safety and Security, the Superintendent (in conjunction with the School Safety Specialist) shall develop, and revise as necessary, a School Safety Plan to provide for the safety and welfare of the students and staff, as well as a system of emergency preparedness and accompanying procedures that provide for the following:

- A. a listing of the commonly used alarm system response for specific types of emergencies and verification by each school that drills have been provided as required by law and fire protection codes;
- B. the health and safety of students and staff are safeguarded;
- C. embraces a collaborative effort with community emergency responders;
- D. the time necessary for instructional purposes is not unduly diverted;
- E. minimum disruption to the educational program occurs;
- F. students are helped to learn self-reliance and trained to respond sensibly to emergency situations;
- G. the system is supported by ongoing training that will include practical application and appropriate "drills" as required by F.S. 1001.42;
- H. evacuation drills should represent actual emergencies, including, but not limited to firearm, natural disasters, and bomb threats;
- I. [emergency egress and relocation drills \(including, but not necessarily limited to, fire drills\) in accordance with the requirements of the Florida Fire Prevention Code, the Fire Code \(NFPA 1\), and the Life Safety Code \(NFPA 101\);](#)
- J. drills for active shooter and hostage situations shall be conducted at least as often as other emergency drills; [and](#)
- K. floor plans of each school must be provided to all community emergency responders in support of evacuation procedures.

All threats to the safety of District facilities, students and staff shall be identified by appropriate personnel and responded to promptly in accordance with the plan for emergency preparedness. Any aspect of the emergency preparedness plan and/or procedures that are included in the School Safety Plan shall remain confidential and exempt from public records disclosure in accordance with State law.

The Superintendent, as part of the development of the emergency preparedness plan and procedures, shall establish a schedule to test the functionality and coverage capacity of all emergency communication systems and determine if adequate signal strength is available in all areas of school campuses.
