

DALE MABRY ELEMENTARY PTA
AFTER-SCHOOL ENRICHMENT (ASE) PROGRAM – Spring 2018
CLASSES WILL BE FILLED ON A FIRST RECEIVED BASIS - ONLINE ENROLLMENT ONLY
Enrollment is completed by child, so you must enroll each child one at a time on the registration website.

REGISTRATION BEGINS: Monday, January 15 at 6pm
REGISTRATION ENDS: Wednesday, January 17 at 11pm

Prior to registration: to access the online forms please go to the mabrypta.org/ASE website and follow the drop down menu to ASE and follow the instructions once posted! Please reference this form in the meantime.

Active.com is the registration software utilized, YOU ARE NOT REQUIRED to activate a membership to register.

Please follow the instructions on the website for correct registration method.

By enrolling in ASE, **parent and student agree to the guidelines** BELOW.

12 Week Program Dates**: classes begin the week of January 29 and end May 4

*School non-student days:

Monday: Start Jan. 29 & end April 30 (NO class Feb. 19 and March 12)* - 1:15-2:15p

Tuesday: Start Jan. 30 & end April 24 (NO class March 13)* - 2:15-3:15p

Wednesday: Start Jan. 31 & end April 25 (NO class March 14)* - 2:15-3:15p

Thursday: Start Feb. 1 & end April 26 (NO class March 15)* - 2:15-3:15p

Friday: Start Feb. 2 & end May 4 (NO class Feb. 9, March 16 and March 30)* **10 week session** - 2:15-3:15p

DATES ARE SUBJECT TO CHANGE BASED ON THE HILLSBOROUGH COUNTY SCHOOL CALENDAR

Dismissal Options: It is the parent's /guardian's responsibility to arrange transportation home for their child promptly if they are not enrolled in Mabry's Host program. ****STUDENTS MAY NOT WALK HOME FROM ASE.**

- **HOST after school program**
- **CARLINE:** Parent's use the back of the school pick-up line from Neptune (in front of the lunch room). Please do not BLOCK the walkway, pull up to forward-most spot. A hang tag with your children(s) name and class will make pick up expedient. These tags are free and may be picked up from the office and/or will be handed out on the first day of ASE. DO NOT park and walk up unless instructed to do so.
- **PARENT WALK UP:** Parents **MAY PARK** on Estrella and WALK UP to the Main office Courtyard area. NO CAR pick up in front of the school in the horseshoe will be allowed. Day coordinators will release student ONLY after verification of student to parent/guardian.

Code of Conduct: Please note that Mabry's code of conduct applies to each ASE class. Classes are held on school property and children are expected to behave in an appropriate manner whether class is taught by a Mabry teacher/faculty or outside vendor. *First offense/disruption: warning-teacher or vendor sends notice home to family and records in log. Next disruption will result in a phone call to the parents; third disruption will result in a suspension from one or more ASE classes with no fees refunded.*

Drop/Add Policy: Refunds will be offered only for withdrawal from class during the registration period. During the registration window, parents may contact asemabry@gmail.com. Once classes begin, no changes to the roster can be made. This is FINAL.

*Strict adherence to these new policies is a MUST. Any deviation may result in your child's dismissal from the program. The safety of the children is the main concern. Children are expected and responsible to attend ASE each week unless an absence is noted. Day Coordinators are NOT responsible to look for children if they do not want to attend class. Please remember ASE is not a substitute for aftercare.

CLASS DESCRIPTIONS

ACTING UP: An introduction to theatre and the world of storytelling using imagination and creativity. With activities such as improvisational acting & critical thinking exercises, students will hone these skills and express their originality through a storytelling experience. Young actors find their stage presence, develop memorization, communication skills and learn the importance of ensemble work as it relates to theatre. The session will end with a showcase on the last day of class.

ACTIVE PLAY YOGA & ACTIVE PLAY YOGA JR: Students will be engaged, as they interweave yoga poses, stories, songs, and games. There will be a balance of movement and stillness. Students at this age will benefit from this practice by gaining body awareness and learning techniques for stress-management, focusing, attention, listening and self-expression!

ALL SPORTS: (Boys and Girls in groups): ASE is looking for some little athletes! Kids will learn and play a different range of large group games/activities such as soccer, flag tag, wiffle ball, space invaders. ****Focus on sportsmanship, rules of the game and cardio/physical movement.**

ALL SPORTS: (PROtential Sports): All Sports program is our foundation program! Teaching the fundamentals and the fun all sports to our youth is an extremely important goal of ours. Our programs provide the instruction of basic multi-sport skills as well as developing advanced players. While focusing on Teamwork, Sportsmanship, and Leadership.

AMERICAN SIGN LANGUAGE: Do your kids love to communicate with body language? Sign them up to learn American Sign Language! They will learn the history of the language to include deaf culture and slang. By conclusion of class, the students will be able to hold simple conversations. **ALSO** an end of year show with song for parents to enjoy!

AMERICAN GIRL: Come join us as we travel through time with the American Girls! Explore historical fiction, enjoy making crafts related to particular times in American history, play games that the American Girl of the week might have played, and enjoy a snack.

ART!: Explore your creativity as you express your art style with Ms. Dailey using a variety of art mediums from drawing, painting, collage, printmaking and more to hand modeling clay. Fun artifacts about famous artworks and cultures around the world as you uncover your hidden art talents.

BASKETBALL: (PROtentioal Sports): Potential Basketball is a crowd favorite! Teaching the fundamentals and the fun of basketball to our youth is an extremely important goal of ours. Our programs provide the instruction of basic basketball skills as well as developing advanced players. While focusing on Teamwork, Sportsmanship, and Leadership.

BAKERY FUN & COOKIE DECORATING: Have fun with a local baker each week and learn how to decorate cookies and cakes, make cake pops, and a lot more. There will be fun with holiday themes and even some to-go boxes to share with your family. **PLEASE NOTE: This class is not suitable for children with food allergies or special dietary requirements.**

CHESS: Full chess instruction for players at all levels. Chess sets will be provided during class. This class is taught by Master Cruz of Capa Tampa Chess Academy.

CHINESE (INTRO): Chinese is the fastest growing language in American schools today! Children will practice and learn Chinese in natural environment through music, movement, games, interactive lessons and crafts. Students will learn basic greetings through acting out scenes in costumes and songs and more! **NO PREVIOUS KNOWLEDGE OF CHINESE REQUIRED.**

COOKING EXPERIENCE: For the beginning young cook! Students will learn the fundamentals of safe cooking by making tasty treats and fun foods like donuts, quesadillas, tacos, ice cream and more. This class is made for beginners, and the fall and spring sessions do not vary in menu items. **PLEASE NOTE: This class is not suitable for children with food allergies or special dietary requirements.**

COOKING (GLUTEN & ALLERGY FREE): A great way to teach the students how to prepare safe and good tasting food!. The class will always be 100% GF, nut free, and any others as needed (dairy, egg, soy, etc...). Students will feel empowered with foods that are safe for them to eat. The class will foster self confidence in the kitchen so students can make snacks and small meals at home. Kitchen hygiene importance will be taught. We will create an "allergy free cookbook" that the students can take home at the end of class. Class will cater to those students with specific allergies (gluten, nuts, dairy, etc).

CRAFTING WITH MAMA DUCK: Explore your creative side under the guidance of a Local South Tampa crafter who will lead children in making several different, useful and fun crafts especially Holiday crafts over the course of this 12 week session.

CROSSFIT CLASS: Children participate in a fun warm-up game, skill building activity, a short workout followed by mobility exercises. A great way to get moving!

FLAG FOOTBALL: (Please register for the correct grade level!): This class will teach basic football techniques in a non-contact form while learning about sportsmanship and good physical fitness.

FUN LEARNING: students that are engaged in learning often continue to want to learn. Your child will enjoy hands-on activities of math and reading, in differentiated small groups, during this FUN ASE class.

CLASS DESCRIPTIONS

GAME GALLEY: This class is designed to teach students game-playing strategies and teamwork in a casual environment. Each class begins with group instruction, followed by supervised “free play” with many exciting board games.

GARDENING - LITTLE SPROUTS: Get your hands dirty! (Gardening gloves will also be used for students who like clean fingernails!). Students learn basic gardening skills (how to transplant a new plant, fertilize and water, how to grow plants from seeds, etc.) The importance of water, sun, weeding and bugs (along with pests that harm plants and gardens). Composting...what it is, how to do it, why it is important. Students will create a small planting journal that they can take home at the end of class to use for planting at their home.

HIP HOP: An introduction to the world of street dance including hip hop styles and body movements. This high energy class is appropriate for students interested in learning the art of this wide-spread dance style. Students will perform a hip hop dance for their friends and family on the last day of class.

INTRODUCTION TO CODING: Students will use a website program to learn an introduction to coding. The class will change their website appearance by writing code. I'll introduce several different codes each week that will change the website appearance. Each student will get a workbook, showing how to write these codes. Students must have a USB to save all work.

KICKBALL: (PROtential Sports on Mondays only): Take it old school! Kickball is similar to many of the rules you will see in baseball but with one exception, players use their legs rather than a bat. No previous experience required, just a willingness to come out to run and play!

KINDER MUSIC: This class teaches music and encourages a young child's love of music. Children learn about musical styles and instruments through group play, songs and games.

LACROSSE: All participants will be exposed to the basics of lacrosse and expand on current Lacrosse skills or learn for the first time.

LEGO LEAGUE / JR LEGO LEAGUE : Your child will learn about the wonders of science and team-building through LEGOS.

PAINTING AND POETRY: Painting is poetry... In this class your child will be exposed to a variety of poetry collections. During each session your child will read a poem and produce art that reflects the vision and feeling the author's words give to them.

PHOTOGRAPHY & PHOTOGRAPHY JUNIOR: Students will learn the basics of photography, such as aperture, shutter speed, and composition. They will *play with props*, move around the school to take photos, learn about famous photographers and use instamatic cameras. Students will build a portfolio and have an *off-site student show*. Shutterbug academy has cameras to loan. Personal digital cameras are recommended but not required! The teacher can provide cameras on loan for students to use during the class!

ROBOTICS - KINDERGARTEN: will offer an opportunity to learn teamwork, engineering skills, programming, problem solving, critical thinking skills and most of all - have fun - while learning STEM (Science, Technology, Engineering, and Math) concepts! Club members will use LEGO® WeDo®, and other robotics tools to build robots and machines, program them to perform specific tasks, troubleshoot problems, and refine their strategies to address practical challenges. This class was designed as a developmentally appropriate introduction to robotics including logic, physics, and other related STEM concepts.

ROBOTICS - JUNIOR: Is a hands on program designed to capture young children's inherent curiosity and direct it toward discovering the possibilities of improving the world around them. This program features a real-world challenge to be solved by research, critical thinking and imagination. Students work with LEGO elements and moving parts to build ideas and concepts and present them for review. We will be utilizing the LEGO® Education WeDo Robotics Construction Set with laptops loaded with the LEGO Education WeDo Robotics Software and Activity Pack

ROBOTICS: The Robotics class offers an opportunity to learn teamwork, engineering skills, programming, problem solving, critical thinking skills and most of all - have - fun - while learning STEM (Science, Technology, Engineering, Math) concepts! Students will use LEGO® MINDSTORMS and other robotics tools to build robots and machines, program them to perform specific tasks, troubleshoot problems, and refine their strategies for practical challenges. Children will be placed into groups based on age and experience so they will be able to choose the challenge they wish to pursue. This will build teamwork while also allowing interaction outside the groups.

SCIENCE FUN: Students will be challenged to explore the world around them through fun, hands-on science investigations and experiments. From making different types of slime to watching small (and safe) explosions, students will get a chance to have fun and learn new things!

SCRAMBLED LEGS: This class is an incorporated running program for boys. **This program will be followed by a local 5k race that the boys will participate in as a group. Registration for those who participate in the race will be paid by the Mabry PTA.** Students MUST enroll for both Wednesday & Thursday.

SNACK & A STORY: Students explore different themes through storytelling and snack making. This class motivates young readers and involves hands-on snack creations. **PLEASE NOTE: This class is not suitable for children with food allergies or special dietary requirements.**

SOCCER SHOTS: (Soccer Shots Coaches) We incorporate into our skills-based program a more advanced set of skills and game situation training. We keep the same philosophy of providing a fun and positive learning environment, which accelerates the learning curve while allowing the children to learn at their own pace. A great soccer experience for all skill levels from beginners to advanced. Cleats are not required but students may bring them from home if they have them.

CLASS DESCRIPTIONS

SPANISH (INTRO): Spanish is the second most spoken language in the US today! Children will practice and learn Spanish in natural environment through music, movement, games, interactive lessons and crafts. Students will be creating instruments such as maracas while learning about music and cultural songs from Spanish speaking countries. All based on traditional games and activities played at Fiestas. **NO PREVIOUS KNOWLEDGE OF SPANISH REQUIRED**

Tee-BALL: (PROtential Sports): PROtential Tee Ball takes the rich history of the game from Cooperstown to your town. Our progressional curriculum teaches the fundamentals of fielding, catching, throwing, hitting and base running in a fun, positive environment by PROtential coaches. All athletes regardless of skill level will learn new baseball skills along with vital life lessons such as respect, teamwork and responsibility.

TAE KWON DO: Very Basic introduction of kicks, blocks, strikes, stances, and self-defense techniques. Will teach children how to build their inner confidence, learn to use their voice, and equip them to defend themselves from bullying.

TECH 4 TYKES: includes a 1:1 computer to student ratio so each child can work independently without interruption from one another. This program teaches technology skills through a fun, active and meaningful learning process that supports the STEM initiative. Children who participate in this class get exclusive access to the online website with robust activities updated weekly to reinforce each lesson at home.

TENNIS: (PROtential Sports Mondays & Coach Broff & Buckley Fridays): Learn to play the basics of tennis, including hitting the ball before or after it bounces (volleys and ground strokes), the serve to start points, and specialty shots. We will play a lot of different games. Players will get plenty of exercise and have fun while being safe, learning or improving on a sport of a lifetime. Rules of the court: treat people nice, be safe, and have fun. We will supply racquets and balls.

TERRIFIC SCIENTIFIC: This session of Terrific Scientific will be a mix of the old and new. We will start out by exploring ancient artists, fossils, compasses, magnets and more. Then we will switch gears and spend some time learning about chemistry, polymers, magic and other interesting scientific favorites! During each class students are treated to a hands-on, interactive science lesson with a take home project each week. Don't let your child miss out on the fun!

TOTALLY ART: Totally Art is a drawing based, fine arts program that is designed to help students learn the fundamentals of art. In our weekly classes, students have a safe and secure environment where they can experiment, problem solve, build skills, and produce fantastic creations with different types of artistic mediums! Each week is a new project and lessons never repeat!

TYPING / KEYBOARDING: We are excited to offer typing on Fridays! Your child will learn the fundamentals of typing in a fun interactive way. Much of the standardized tests our children will be taking require them to know how to type, so this is a practical skill to learn now.

U GO GIRL: This class will provide our young women with a path to successfully negotiate some of today's toughest obstacles through a series of discussions and an incorporated running program. **This program will be followed by a local 5k race that the girls will participate in as a group. Registration for those who participate in the race will be paid by the Mabry PTA.** Few of the topics being discussed will be positive attitude, fun ways to exercise, self-esteem, nutrition, bullying & gossiping. **Attendance and registration required for both days!**

UKULELE*: Students will receive a thorough introduction to the ukulele learning all the parts of the instrument, introductory plucking and strumming techniques, learning chords and able to play simple melodies. Students will also play chord progressions to simple songs and be introduced to reading music notation as well as tablature. This is a great course for parents wanting to gauge interest in the ukulele, and to see if the ukulele is a good fit with their aspiring musician. *The \$171 price includes the purchase of a \$40 Ukulele and \$11 for the book.

VIOLIN*: A thorough introduction to the violin learning all the parts of the instrument, introductory plucking and bowing techniques, generating pleasant sounding tones on the strings and learning simple melodies. Students will also be introduced to reading music notation while being able to interpret instrument specific symbols. This is a great course for parents wanting to gauge interest in the violin, and to see if violin is a good fit with their aspiring musician. *Violins must be rented and the class book must be purchased at the violin store before class begins.

YOGA for YOUNG ATHLETES: Students will be introduced to the many benefits of yoga by building core strength, balance, flexibility, stamina and range of motion. Along with the physical benefits, yoga provides harmony of the mind, body and breath, and increases mental clarity and focus! Changing reactive behaviors to creative solutions...one day at a time!
