The Washington County School District will be using a new parent app, Stopfinder, for the upcoming school year. Stopfinder is the easy-to-use, all-in-one app that allows you to have the most accurate information about your student's bus schedule at anytime from anywhere. You can also create **GeoAlerts** for your student, which will notify you when the bus has arrived or departed from any location on your student's route, including their assigned bus stop and school. **GeoAlert** Alert Zones can be created for individual students allowing you to customize the Alert Zone based on their bus route.

The email address that is currently on file with the district will be used for Stopfinder setup. In order for you to get an invitation to the app, you must have a primary contact email address attached to your students FOCUS account through the parent portal.

Stopfinder can be downloaded for free from the App Store or Google Play. Stopfinder will require an invite and registration through the district prior to accessing your student's transportation schedule. Please watch for a Stopfinder invitation, which will be emailed to your primary email address.

Stopfinder is the all-in-one, easy to use app for viewing & sharing your student's transportation schedule.

What the App Can Do

- View your student's daily transportation assignments
- Securely share your student's schedule with caregivers
- Receive notifications and updates related to transportation
- Send real-time vehicle location notifications based on GeoAlert regions you create for your student
- Send private messages to the transportation department

Install the App

- The Stopfinder app is available for download in the App Store as well as Google Play
