Re: Town of White Springs and the Bailey F. Ogburn Recreational Center

Dear Superintendent Moffses and School Board Members:

I trust this letter finds everyone doing well.

Stacy Tebo, Town Manager of the Town of White Springs, in her letter of September 30, 2016, to Superintendent Moffses formally requested that The School Board of Hamilton County, Florida, donate to the Town of White Springs approximately 10.76 acres of land (the “Real Property”) part of which is occupied by the “ball fields” also known as the Bailey F. Ogburn Recreational Center in the Town of White Springs.

Ms. Tebo’s letter is Exhibit A.

Ms. Tebo has stated that the Town intends to apply for another Florida Department of Environmental Protection, Florida Recreational Development Assistance Program (FRDAP) Grant to improve the Ogburn Recreational Center for the benefit of the public.

The current administrative rule and application for such a FRDAP grant requires that:

“Land under control other than by ownership of the grantee such as by lease, shall be dedicated as an outdoor recreational area for the use and benefit of the general public for a minimum period of twenty-five years from the completion date set forth in the project completion certificate.”
Ms. Tebo states that the Town would prefer not to enter into another a long-term lease of the Real Property from the School Board. The Town prefers a conveyance of the Real Property to the Town by deed without any long-term reversion to the School Board in the event the property should ever become needed by the School Board for educational or ancillary purposes.

The purpose of the discussion below is to provide the School Board and Superintendent with written information to consider when deciding upon recommending or making the findings that the following School Board Policy, Florida Statute Section, and Florida Board of Education regulation require for the donation of the land to the Town.

Board Policy 7.10 Sale Transfer or Disposal of Property says in part that:

"Subject to law and regulations of the State Board, the School Board may sell, transfer or dispose of any school real or personal property...which is declared by resolution of the Board to be unnecessary or unsuitable for school purposes because of location, condition or other causes."

Florida Statutes Section 1013.28(1)(a) says in part that:

"Subject to rules of the State Board of Education, a district school board...may dispose of any land or real property to which the board holds title which is, by resolution of the board, determined to be unnecessary for educational purposes as recommended in an educational plant survey. A district school board...shall take diligent measures to dispose of educational property only in the best interests of the public."

Rule 6A-2.0010 Florida Administrative Code adopts the State Requirements of Educational Facilities, (SREF) Chapter 1 Section 1.4, which states in part that:

"the (School) Board may dispose of any land or other real property by Resolution of such Board, if recommended in an educational plant survey and if determined to be unnecessary for educational or ancillary purposes."

Therefore, prior to making the donation of the Real Property to the Town, the School Board must approve a resolution that finds that:

- the School Board has title to the Real Property;
- the Real Property is unnecessary or unsuitable for school purposes because of location, condition or other causes;
- an educational plant survey has recommended that the Real Property is unnecessary for educational or ancillary purposes and should be transferred;
-the School Board has taken diligent measures to dispose of the property only in the best interests of the public; and

-the donation of the Real Property to the Town is in the best interests of the public.

A copy of a School Board resolution to make the donation would then be forwarded to the FLDOE for approval and inclusion in their Five Year Survey Recommendation Report for South Hamilton Elementary.

Once approved by FLDOE the donation would be formally made by the School Board by the delivery of an appropriate deed to the Town.

Ms. Tebo has provided a Boundary Survey dated October 3, 2016, done for the Town of White Springs by Timothy A. Delbene, Professional Surveyor and Mapper, with Donald F. Lee and Associates, Inc. Ms. Tebo states that this 2016 Lee Survey shows a drawing of the metes and bounds legal description of the Real Property the Town has requested the School Board donate to the Town.

The 2016 Lee Survey is Exhibit B.

Ms. Tebo states that the Town accidentally did not authorize Mr. Delbene to draw on the 2016 Lee Survey all the improvements currently upon the Real Property.

However, Mr. Delbene stated that in 1997 the Hamilton County Board of County Commissioners had Mr. Delbene do a boundary and topographical survey on which he located both the existing and proposed improvements to the Ogburn Recreational Facility as of October 31, 1997. At that time the County was assisting the Town with a prior FRDAP grant to improve the Real Property under a long-term lease of the land from the School Board.

Mr. Delbene provided a copy of that 1997 Lee Survey, and it is Exhibit C.

Note that the “Former Property Line” drawn about the middle of the 2016 Lee Survey is noted to be the "South Line of Survey by Donald F. Lee & Assoc. dated 10/31/1997”.

Ms. Tebo states that the existing and proposed improvements drawn on the 1997 Lee Survey together are all of the improvements currently on the Real Property in the 2016 Lee Survey which the Town is asking the School Board to donate to the Town.

Ms. Tebo provided First American Title Insurance Company Commitment for Title Insurance issued by North Central Florida Title, LLC, file number 16Y-08013B, prepared for the Town of White Springs.

The Title Commitment states it was made without the benefit of a survey.
The Title Commitment is Exhibit D.

The Title Commitment attaches a copy of the 1941 DEED which the School Board received for the land associated with South Hamilton Elementary. The legal description is based upon the Cone Survey of the Town of White Springs found in Plat Book 3, Pages 47-48 of the Public Records of Hamilton County, Florida. The actual locations of Lots and Blocks in the 1941 DEED are based upon the Cone Survey and the Reneau Survey on which the Cone Survey is based. The actual locations of these Cone Survey Lots and Blocks are often in question in White Springs. For this reason and others, the 2016 Survey and the Title Commitment should refer to one another.

The current FLDOE Five Year Survey Recommendation Report for South Hamilton Elementary recommends that the School Board:

"Transfer ownership through Sale or Lease/Rent all permanent buildings to City, County, State or Federal government agencies pursuant to Section 1013.28 F.S."

This current FLDOE Five Year Survey is Exhibit E.

The administration has not yet been able to locate the School Board's records of the acquisition, construction and expansion of what we now know as South Hamilton Elementary School so we have not seen any actual surveys of the lands associated with SHE, aside from the 1997 Survey and the 2016 Survey.

The Hamilton County Property Appraiser's parcel maps of the parcels associated with South Hamilton Elementary in the Town of White Springs based upon the 1941 deed estimate the location and the acreage as follows:

Parcel 8402-000 is estimated to be fifteen (15) acres. Its map is Exhibit F-1;
Parcel 8390-000 is estimated to be four (4) acres. Its map is Exhibit F-2;
Parcel 8393-000 is estimated to be two (2) acres. Its map is Exhibit F-3; and
Parcel 8403-000 is estimated to be four (4) acres. Its map is Exhibit F-4.

CAVEAT: The HCPA website always says that all the HCPA parcel maps are "for ad valorem tax assessment purposes only" and "should not be relied upon by anyone as a determination of the ownership of property." All opinions or estimates expressed in this analysis regarding the School Board's title to the lands associated with SHE, the location of the lands, and the portions of that land that may be in the FEMA Zone AE 100-Year Flood Zone are estimates and opinions that would need to be verified by a title search coordinated with boundary and topographical surveys of all the lands associated with SHE. However, in the absence of certified surveys supported by title searches on all the land associated with SHE, the HCPA parcel maps can provide a
broad overview of the land associated with SHE and its relationship to the Real Property the Town is asking the School Board to donate.

    All that said, Exhibit G is an aerial map based upon the HCPA aerial parcel maps of the various parcels of land apparently associated with SHE.

    Exhibit G roughly shows outlined in red all of the HCPA parcels associated with SHE.

    Based on the foregoing, the land associated with South Hamilton Elementary in the Town of White Springs can be estimated to consist of approximately 25 acres.

    Note that the HCPA estimates do not include an estimate of the unopened public streets shown on the parcel maps that are based on the legal description based on the old Reneau and Cone Surveys of the Town of White Springs.

    Exhibit H is a FEMA National Flood Hazard Layer map. Using the Area Tool on the HCPA website while looking at the FEMA Flood Map it appears that very roughly 9.5 acres of the approximately 25 acres of land HCPA estimated to be associated with SHE lie in the FEMA 100-Year Flood Plain. This would very roughly leave 15.5 acres of buildable land associated with SHE including the Real Property that the Town has requested that the Board donate to the Town.

    The yellow lines on Exhibit G roughly show the approximate location of the property lines of the Real Property the Town is asking the School Board to donate to the Town.

    The 1997 Lee Survey shows that approximately 5.56 acres of land is occupied by the current Ogburn Recreational Facility improvements. This arguably represents a rough approximation of the amount of buildable land in the Real Property that the TOWS is requesting the Board donate. The elevations on the 1997 Lee Survey indicate that the elevation of the land falls off quickly at the South end of the existing Ogburn Recreational Area. (Again, the “Former Property Line” drawn in about the middle of the 2016 Lee Survey is the South property line on the 1997 Lee Survey.)

    Note that the donation of the Real Property to the Town will apparently eliminate the School Board’s access to the remainder of the land associated with SHE to Adams Memorial Drive on the East. The Title Commitment points out the Real Property does not have actual deeded access to a public road as Adams Memorial Drive is not a deeded public right of way. The Cone Survey does indicate a street in that location servicing the Cemetery.

    From a pure acreage standpoint:

    HCPA estimates that the land associated with SHE totals 25 acres (without Cone Survey streets).
The 2016 Lee Survey (including parts of Cone Survey streets) totals 10.76 acres.

CAVEAT: As of the time of this writing, Ms. Tebo is working to obtain both an amended Title Commitment from the title company showing the metes and bounds legal description in the 2016 Lee Survey and removing the survey exceptions and a certified 2016 Lee Survey with the title search exception removed.

I hope the foregoing provides sufficient information to provide the Superintendent and the Board with comfort in making this decision.

As always please contact me with any questions you may have.

Best regards,

Dear Superintendent Moffses:

As you know, the Town has leased the Bailey Ogburn Recreational Facility from the Hamilton County School Board since 1978. This property is commonly referred to as “the ballfields”. The Town would like to improve the property and pursue grant funding opportunities.

The Town of White Springs is requesting that the property be donated to the Town. We have obtained a title search and boundary survey. Please present this request to the School Board at your earliest convenience. Thank you.

Sincerely,

### Survey Annotation

Transfer all students in all grades PK-06 to New Hamilton County Elementary. Discontinue the use of buildings 1, 2, and 4 for educational purposes. In a memo dated 11/8/2011, DOE concurred that it is more cost effective to replace Buildings 1, 2, and 4 than to rehabilitate these buildings. Transfer ownership thru Sale or Lease/Rent all permanent buildings (1, 2, 4 and 7) to City, County, State or Federal government agencies pursuant to Section 1013.28, F.S. Surplus portable buildings in excess of 20 years of age (5, 6 and 10).
