

LEVY COUNTY School District

Instructional Materials Review and Adoption 2024-25

The Levy County School District is adopting new instructional materials for English Language Arts, Interventions (Reading K-3 & Math K-4), and Personal Finance for use beginning in the 25-26 school year. It is the responsibility of the school district to provide adequate instructional materials for students to support their educational needs. The District Adoption Team, composed of teachers, administrators, district personnel, and parents, are evaluating all instruction materials in the following areas: content, accessibility, teacher planning, assessment, differentiated instruction, and technology.

In addition to the previous opportunities for input held in November 2024, parents are invited to review the materials at the **District Advisory Council Meeting January 27th at 6:00pm at the district office** or by using the links provided on our district website levyk12.org. Parents of Levy County students may also provide public comments at the **Levy County School Board Meeting on February 11, 2025 @6:00pm at the district office.**

For more information or questions regarding instructional materials, please contact Maria Anderson maria.anderson@levyk12.org for ELA, Jaime Handlin jaime.handlin@levyk12.org for Personal Finance, or Michelle Eastman michelle.eastman@levyk12.org for math.
