# YOUTH PARTNERSHIP PROGRAM

*Student Volunteers in Community Service*

## **OBJECTIVE**

Encourage secondary school students to serve as community volunteers, and increase their awareness of the community and the lifelong value of volunteerism.

## **DUTIES**

Students volunteer in community service roles. They may assist seniors and/or physically challenged citizens, youth in the community and/or schools, the homeless, religious and/or civic organizations and in other areas identified as needing voluntary services.

## **TRAINING**

All students must attend a training session with the school YPP Coordinator on general volunteer service and the Youth Partnership Program. They will also receive additional training/orientation from the recipient volunteer agency or organization.

## **DURATION**

Students are expected to be in an extended, routine relationship with the agency or organization they select. Students may also participate in specific projects for special community needs.

## **RECOGNITION**

Student contributions of at least 20 community service hours annually receive a certificate. Contributions of more than 75 hours prior to graduation receive a service pin and certificate (seniors only). Service hours count toward the VCS Honors Diploma, Florida Bright Futures Scholarship Program, and the International Baccalaureate Program.
