

EARTH DAY 2018

Come out on April 22nd to help build Mabry's new hydroponic school garden!

Mabry Elementary is teaming up with [TUB Farms](#) to bring a new hydroponic school garden to our campus. Our garden build service project will be held this Earth Day.

**Sunday, April 22, 2018 at
Mabry from 8 am-2 pm.**

We will have lots of jobs, big and small, with plenty of opportunities for little hands and fun, family time. Gardening experience is **not required** as the team from TUB Farms will be on hand to lead the way through the building and planting process.

Use this [Sign Up Genius link](#) to sign up!
