Evidence of Success

Evaluate the progress made in increasing enrollment for black, Hispanic, black male and Hispanic male students in AP/IB/AICE courses, and in closing enrollment gaps for black, Hispanic, black male and Hispanic male students.

Evaluation must include 2011-12 to 2015-16.

Evaluation of AP, IB and AICE enrollment of black, Hispanic, black male and Hispanic male students shows a decrease in Blacks from the 2011-12 to 2015-16 period, however, there was a 1% increase in black males. There was also a decrease in Hispanic students and an increase of 2% in Hispanic Males.

Methods and Strategies

Identify the targeted methods and strategies to be used for the next period to increase enrollment for minority students in AP/IB/AICE courses, and to close enrollment gaps for black, Hispanic, black male and Hispanic male students. Strategies should include specific action steps taken by the schools/district to close enrollment gaps.

Enrollment in 2015-2016 AP courses was open to all students. There were no restrictions based on students' past academic success. AP Psychology enrollment included 11 Caucasian, 4 African
American, and three Hispanic students. Three AP art classes were added for FY 2016. Enrollment included four Caucasian students and one Hispanic student. At this time AP World History is under consideration for the 2017 school year. As with all other Advanced Placement courses, enrollment is classified as “open” and advertised to the entire grade eligible student body.

Accountability Measure and Timelines
Provide accountability measures and timelines for increasing enrollment for black, Hispanic, black male and Hispanic male students in AP/IB/AICE courses, and closing enrollment gaps for black, Hispanic, black male and Hispanic male students. Timelines may be over multiple years.

In an effort to increase rigorous instruction for all students regardless of race and or ethnicity, All U.S. History, World History and Biology classes will be using AP Insight materials and resources. With the addition of these rigorous resources for all students, we anticipate greater participation in AP classes in the future. Teachers will be receiving training in summer 2016.

Evidence of Success
Evaluate the progress made in increasing enrollment for black, Hispanic, black male and Hispanic male students in dual enrollment courses, and in closing enrollment gaps for black, Hispanic, black male and Hispanic male students. Evaluation must include 2011-12 to 2015-16.

Evaluation of the progress of enrollment for Black, Hispanic, Black Male and Hispanic Male indicates minor increases and decreases. Enrollment of Black remain the same at 3% from the 2011-12 to 2015-16 period with an increase of 1% for Black Males. However, there is a 2% decrease for Hispanics and no increase nor decrease for the Hispanic Male.

Methods and Strategies
Identify the targeted methods and strategies to be used for the next period to increase enrollment for minority students in dual enrollment courses, and to close enrollment gaps for black, Hispanic, black male and Hispanic
male students. Strategies should include specific action steps taken by the schools/district to close enrollment gaps.

Dual enrollment participation for FY 16 fall and spring semesters faced the same barriers for under-resourced students as in the past, as transportation to NFCC was the individual enrollee's responsibility. Enrollment is based upon course availability and student assessment benchmarks. NFCC enrolled 6 African Americans, 1 other and 20 Caucasians for the fall term. Spring term saw a decrease of African American enrollment by one student.

Accountability Measure and Timelines
Provide accountability measures and timelines for increasing enrollment for black, Hispanic, black male and Hispanic male students in dual enrollment courses, and closing enrollment gaps for black, Hispanic, black male and Hispanic male students. Timelines may be over multiple years.

Students' abilities to meet the benchmark assessment scores will increase as a factor of the rigorous demand created by utilizing the AP Insight programs and resources in U.S. History, World History, and Biology.

Evidence of Success
Evaluate the progress made in increasing enrollment for black, Hispanic, black male and Hispanic male students in all advanced courses, and in closing enrollment gaps for black, Hispanic, black male and Hispanic male students. Evaluation must include 2011-12 to 2015-16.

There has been progress in both Black and Hispanic as well as Black Male and Hispanic Male with an increase of 2% for Blacks and 7% for Hispanic as well as a 7% increase for Black Male and 19% increase for Hispanic Male during the period covering 2013-14 to 2015-16.

Methods and Strategies
Identify the targeted methods and strategies to be used for the next period to increase enrollment for minority students in all advanced courses, and to close enrollment gaps for black, Hispanic, black male and Hispanic male students. Strategies should include specific action steps taken by the schools/district to close enrollment gaps.
To ameliorate these barriers, NFCC has moved many of their classes to on-line, or “Blended” learning formats. To further ameliorating the transportation issue, HCHS will be offering two NFCC classes on campus next year.

Accountability Measure and Timelines

Provide accountability measures and timelines for increasing enrollment for black, Hispanic, black male and Hispanic male students in all advanced courses, and closing enrollment gaps for black, Hispanic, black male and Hispanic male students. Timelines may be over multiple years.

Students’ abilities to meet the benchmark assessment scores will increase as a factor of the rigorous demand created by utilizing the AP Insight programs and resources in U.S. History, World History, and Biology.
PART IV: GENDER EQUITY IN ATHLETICS

Athletics Compliance Verification

A. Attach a Compliance Verification Form for the district (only one for the district, not one for each school), signed by the superintendent. (See pages 7-8.)

B. Attach a Participation Monitoring Form for each school with an interscholastic athletics program, signed by the principal. (See page 9.)

C. If the monitoring forms indicate that schools are not in compliance with all components required by Title IX and the Florida Educational Equity Act, then each school that is out of compliance must also submit a Corrective Action Plan, signed by the principal. (See page 10.)

D. If the district submitted corrective action plans as part of the 2014-15 Equity Update, it should submit updated Corrective Action Plans to show the current status/progress of the corrective actions and evidence of completion.

PART V: EMPLOYMENT EQUITY

A. Complete the following chart for administrative and instructional positions in the school district. Enter the number and percent for each race/ethnicity and gender. Count each person only once under one category.

C. Questions about the implementation of Title IX especially as they apply to single-sex education:
- Does the district offer single-sex education?
- How is single-sex education being justified?
- How does the district keep track of single-sex public education?
- What does the district do to insure there is no illegal sex segregation in education?
- Is single-sex education intended to decrease sex discrimination in the outcomes?
- Do the schools provide comparable co-educational options?
- How are single-sex educational options reviewed, monitored, and evaluated to insure that they are legal?
- Who is involved in the evaluations and guidance on the implementation of single-sex education?
- What assurances are provided to insure that single-sex or co-educational options are completely voluntary?
- Are there pre-implementation reviews of proposed single-sex education?
- What entities review and approve single-sex options, and what standards do they use?
- Is there assistance from external groups for training or consultation?
- How does the district monitor to insure that single-sex education is not contributing to gender stereotypes or sex discrimination in outcomes? For example, is data provided on girls compared to boys, or on any other populations, such as low-income minority boys compared to low-income minority girls?
- Do you or anyone else monitor to learn if there is equity between and among the single-sex groupings and the mixed-sex alternatives on equity measures?
- Please share information on why the district or school decided to eliminate single-sex education? *This is only for those district(s) or school(s) that discontinued single-sex education.*

D. Please attach copies of notices to parents/students that co-education options are available and the participation in single-sex classes is completely voluntary.
E. If the district conducts single-sex education program, please submit the completed signed Single-Sex Evaluation Verification Form. (See page 11.)

PART VII: PREGNANT AND PARENTING STUDENTS

To ensure that pregnant and parenting students are treated in compliance with the requirements of Title IX and Section 1003.54, F.S., districts are asked to respond to the following questions regarding programs for pregnant and parenting students:

(1) How does the district make provisions for pregnant and parenting students to complete the coursework necessary to earn a high school diploma? How are ancillary services (such as child care, health care, social services, parent education and transportation) provided?

Students are allowed to continue coursework in their home school. They are offered a yearlong Parenting course (Parenting 1 & 2) to take as an elective. Child Care services and transportation are provided as needed as an ancillary service. The District contracts with the local Early Head Start Program to provide child care services throughout the school year. Transportation for the student and child to and from the child care facility is provided by the District. Students and their child have access to our Full Service Student Health Clinic provided through the local Department of Health. Students have access to a School Social Worker who assists students with the coordination of necessary services.

(2) If the district operates a separate facility for pregnant and parenting students, how are students informed of the different curricula, services or other options available at the facility versus what is available at their home schools? (Attach brochure(s) used to inform pregnant and parenting students of their educational options.)

Does not apply because we do not operate a separate facility, students are served at their home school.

(3) How are school counselors and administrators trained to effectively advise pregnant or parenting students of their options to participate in regular classroom activities or enroll in a special program, and their access to curricular, extracurricular, and ancillary service programs?

The district does not provide training to counselors and administrators. The school district works with the School Health Program Social Worker.
