

# How we would do it

**KABAM!!!!!!! Poof...** The earth has just blown up. You are part of a group that has just left the earth for a new planet called **Almighty Rimmer** {yeah get over it or die on earth}. The new planet is like earth's better looking twin, it can offer you everything you need in the way of natural resources. But this new planet does not have any type of governing organization. Your job as its leaders is to create a type of government that will hopefully fend off big bad Anarchy.

**Directions: Come up with proposals for all Six below. All proposals must be explained fully.**

1. Create a Name for your new country.
2. Which type of government that you will be using (refer to your notes – Democracy, Autocracy or Oligopoly ) and describe how it will work.
3. The institutions and Duties {Use your notes} needed for the government to run properly.
4. How you will make laws {Presidential or Parliamentary) and who will make them.
5. Make a list of 8 basic laws needed to govern properly.
6. Create a fully developed flag (Color it too) for your Country.
