He felt our system needs stability, and at the current time, we are on track and hate to upset that track in two years with reconfiguring; can look at this at a later date. Consensus of the Board was to hold off on reconfiguration; however, the District can look at possible reconfiguration at a later date.

**School Board Members:**

12. Issues and concerns Board members may wish to discuss

- a. Mr. White commented and/or had questions on the following:
  - Shared a testimonial he received from a parent regarding their thanks and appreciation to the Board for adding a welding class at Branford High School.
  - Mr. White asked if the District was going out for bid with regards to its health insurance renewal. Mr. Roush responded that he recently spoke with Mrs. DePratter, and the health insurance committee would be meeting within the next month to discuss the upcoming renewal.

- Mr. White also asked about the District's continued use of Collins and Company for the internal accounts audit. Mr. Roush and Mrs. DePratter responded that they felt the District was receiving the best rate possible. Mrs. DePratter also commented that Collins and Company was the only qualified CPA firm in Live Oak.
  - Mr. White stated that it was discussed at the last Board workshop to not pursue the purchase of the Hatch property. Mr. White asked if the possibility of acquiring funds to address the traffic issue at Branford Elementary School (BES) could be discussed at a future workshop. He asked Board members to go down to BES to observe the traffic issue. Consensus of the Board was to go to BES one at a time, on their own. Mr. Taylor stated with the cost of the new District Office administration building, he felt we cannot purchase the Hatch property; however, we should be able to problem solve and figure out a solution to the traffic issue. Mr. Carver stated there were a couple options that could be implemented, which would be at no cost to the District. Mrs. Barrs stated that a traffic study was done several years back, and it was determined then that traffic was as good as it could be; traffic pattern was changed, as well as drop off areas. She was open to additional suggestions and ideas. Consensus of the Board was for Mr. Carver to pursue options available to help resolve traffic issue.
- b. Mr. Alcorn stated that Gordon Tractor would be purchasing one acre of property behind its building.
  - c. Mr. daSilva proposed to begin rotation of eating lunch on workshop days at the different school sites. Mr. Roush responded that would be fine.
  - d. Mr. Taylor shared information regarding his recent trip with FSBA to Chicago, Illinois, and the training opportunities available for our District.

The meeting adjourned at 7:31 p.m.

Mrs. Fitzpatrick distributed and reviewed a handout regarding school closure for six days, due to Hurricane Irma, as well as the number of required instructional hours. She stated that statutorily, the District is fine and should not have to make up any days. However, we need to determine what would need to be done if additional student days are missed for the remainder of the 2017-2018 school year.

**School Board Attorney – Leonard Dietzen:**

8. Legal Counsel's Report

Mr. Dietzen stated that FEA has filed a lawsuit against all 67 counties/school districts in the state of Florida regarding the Best and Brightest; additional information would be forthcoming.

**Superintendent of Schools – Ted Roush:**

9. Superintendent's Report

- Thanked everyone for their hard work in helping to operate the emergency shelters recently during Hurricane Irma.
- Shared that another site visit was held last Friday at the old District Office building with insurance representatives; hoping to bring back an insurance settlement to the Board in the near future.
- Announced that an Executive Session would need to be held immediately following the Board meeting.

**School Board Members:**

10. Issues and concerns Board members may wish to discuss

- Mr. Alcorn addressed the following concerns:
  - ✓ Spoke with several county commissioners regarding having to close the Coliseum (as the emergency animal shelter) during Hurricane Irma and then having to move everyone to one of our schools with all the animals. In the future, he would like for the Coliseum to remain the animal shelter in times of emergency situations, and not have to use our schools. Mr. Roush responded that the Sheriff and EOC asked the District to open another facility when they decided to close the Coliseum due to the possible extreme winds from the hurricane.
  - ✓ The use of therapy dogs in the schools with students during testing and no paperwork is required for the therapy dogs with regards to vaccinations, etc. Mrs. Land stated that she would check into the procedure for this matter.
- Ms. Cason and Mr. daSilva thanked everyone for coming together during the hurricane to help operate the emergency shelters at our various school sites.

The meeting adjourned at 6:44 p.m.
