The sections included below were designed to comply with provisions set forth in Section 204 of the Healthy, Hunger-Free Kids Act as well as the United States Department of Agriculture's final rule, "Local School Wellness Policy Implementation Under the Healthy, Hunger-Free Kids Act of 2010." This policy also incorporates Chapter 5P-1.003 (2) (d) of Florida Administrative Code (FAC), which required LEAs to establish Healthy School Teams for all schools by June 30, 2015.

The School Board of Levy County (SBLC)
must fully comply with the requirements of the final rule July 1, 2023

Preamble

The School Board of Levy County recognizes that good nutrition and regular physical activity affect the health and well-being of all students. Furthermore, research suggests that there is a positive correlation between a student's health and well-being and his/her ability to learn. Moreover, schools can play an important role in the developmental process by which students establish their health and nutrition habits by providing nutritious meals and snacks through the schools' meal programs, supporting the development of good eating habits and promoting increased physical activity both in and out of school.

The School Board of Levy County is committed to creating school environments that promote and protect the overall well-being of all students and staff. The guidelines listed below encourage a comprehensive wellness approach that is sensitive to both individual and community needs.

Wellness Policy

POLICY:

1. The Superintendent has established a Wellness Program, see Board Policy 4.141 at <http://www.levyk12.org/>

Local School Wellness Policy Leadership

District level

The School Board of Levy County will assemble a representative wellness committee that will meet annually to monitor and set goals for the development and implementation of its local school wellness policy. As required by *K-20 Education Code 1003.453* the policy shall be reviewed annually and an updated copy shall be sent to the Florida Department of Agriculture and Consumer Services when a change or revision is made.

- The Coordinator of Food & Nutrition Services shall ensure overall compliance with the local school wellness policy.
- Parents, students, representatives of the school food authority, teachers of physical education, school health professionals, the school board, school administrators and the general public shall be permitted to participate in the development, implementation, and periodic review and update of the local school wellness policy.

School level

Each school within The School Board of Levy County will establish an ongoing Healthy School Team that will meet annually to ensure compliance and to facilitate the implementation of The School Board of Levy County's wellness policy.

- The school principal and local school staff shall have the responsibility to comply with federal and state regulations as they relate to The School Board of Levy County's wellness policy.
- In each school, the Wellness Coordinator will be responsible for establishing the Healthy School Team that will ensure compliance with the policy.
- The Healthy School Team should include, but not be limited to, the following stakeholders: parents, students, school Food & Nutrition Services program representatives, school administrators, school health professionals, physical education teachers and the general public.
- The Healthy School Team is responsible for:
 - Ensuring compliance with federal and state regulations for competitive food and beverage items sold on the school campus (7 CFR 210.11 and FAC 5P- 1.003);
 - Maintaining a school calendar identifying the dates when exempted competitive food fundraisers will occur in accordance with the frequency specified in paragraph (c) of FAC 5P-1.003;
 - Completing the wellness policy compliance checklist and submitting to the Coordinator of Food & Nutrition Services at the end of each school year.

The School Board of Levy County will review and consider evidence-based strategies and techniques in establishing goals for nutrition promotion and education, physical activity and other school based activities that promote student wellness to include, at a minimum, a review of Smarter Lunchroom tools and techniques.

Health Education

- Health education including nutrition education shall be integrated into other areas of the curriculum such as Family and Consumer Sciences, Health Science, art, language arts, mathematics, music, physical education, science, and social studies.
- The district shall include health education including nutrition education training for teachers and other staff.
- Nutrition education information shall be reviewed by a qualified, credentialed nutrition professional (i.e., School Food and Nutrition Specialist (SFNS), a Registered Dietitian (R.D.) who is specialized in school-based nutrition).
- The district and schools shall provide information to families that encourage them to teach their children about good nutrition and to provide nutritious meals for their families.
- Students shall be encouraged to start each day with a healthy breakfast.

- Nutrition education shall be incorporated during classroom snack times, not just during meals.
- Healthy snacks and nutrition education will be incorporated into the after-school childcare programs.

Physical Education and Physical Activity

The School Board of Levy County shall ensure that physical activity is an essential element of each school's instructional program. The program shall provide the opportunity for all students to develop the skills, knowledge and attitudes necessary to participate in a lifetime of physical activity.

- All students in grades K-5 shall receive 150 minutes per week of instructionally relevant physical education. For middle school physical education in grades 6-8, all students shall receive a minimum of one semester of physical education in each of the three years. In grades 9-12, students receive a minimum of one credit of physical education in senior high school as required. One semester must be personal fitness while the second semester may be any physical education course offered by The School Board of Levy County with the approved state course codes. (Sunshine State Standards)
- All elementary school students will have at least 20 minutes of daily recess. Each school will provide space, equipment and an environment conducive to safe and enjoyable play.
- Students will have the opportunity to be involved in physical activity through physical education programs, before and after school activities or other activity programs. Students will be encouraged to participate in community-offered fitness and athletic programs.
- Staff will be encouraged to participate in 150 minutes of moderate-intensity aerobic activity (e.g., brisk walking, jogging, swimming) every week. Staff will be informed of the opportunity to participate in physical activity in afterschool programs and community events.
- Regular classroom teachers will be encouraged to provide short physical activity breaks between lessons or classes, as appropriate.

Health Services

A coordinated program of accessible health services shall be provided to students and staff and shall include, but not be limited to, violence prevention, school safety, communicable disease prevention, health screening, including body mass index, community health referrals, immunizations, parenting skills and first aid/CPR training.

Nutrition Environment and Services

Nutrition promotion can positively influence lifelong eating behaviors by creating food environments that encourage healthy choices and encourage participation in the school meal programs.

- The school environment, including the cafeteria and classroom, shall provide clear and consistent messages that promote and reinforce healthy eating.
- Students will have access to useful nutrition information. Posters, worksheets and brochures will be available in classrooms and throughout the school campus.
- Schools will provide parents with healthy snack ideas, lists of foods for healthy celebrations and opportunities for physical activity before and after school.

Nutrition Education

Academic performance and quality of life issues are affected by the choice and availability of nutritious foods in our schools. Healthy foods support student physical growth, brain development, resistance to disease, emotional stability and ability to learn.

The nutrition benchmarks included in Florida's Physical Education Standards shall be taught as part of the structured and systematic unit of instruction during physical education classes and will be integrated into other subject areas (e.g., math, science) where there is a natural fit.

- Students receive nutrition education that is interactive and teaches skills they need to adopt healthy eating behaviors. Classroom lectures, activities and student participation are provided in nutrition and health classes. Classroom written tests (such as multiple choice, essay and fill in the blank) are given in the areas of nutrition.
- Nutrition education may be incorporated with the school meal program to develop school gardens and use the cafeteria as a learning lab. Students may harvest vegetables from the school garden and work with the cafeteria staff to create wholesome snacks.
- The staff responsible for nutrition education will be adequately prepared and participate regularly in professional development activities to effectively deliver an accurate nutrition education program as planned. Preparation and professional development activities will provide basic knowledge of nutrition combined with skill practice in program-specific activities and instructional techniques and strategies designed to promote healthy eating habits.

Guidelines for All Foods and Beverages Available During the School Day

The School Board of Levy County shall operate and provide food & nutrition services in accordance with USDA's National School Lunch Program (NSLP) standards and applicable laws and regulations of the state of Florida. The guidelines for reimbursable school meals shall not be less restrictive than regulations and guidance issued by USDA.

General Guidelines

- All reimbursable meals will meet nutrition standards mandated by USDA, as well as any additional state nutrition standards that go beyond USDA requirements.
- School meals will include a variety of nutrient-dense foods, including whole grains and fiber-rich fruits and vegetables, while accommodating special dietary needs and ethnic and cultural food preferences.

- To the maximum extent possible, all schools in The School Board of Levy County will participate in available federal school meal programs, including the SBP, NSLP, ASSP, AMP, and SFSP.
- Free, potable water will be made available to all children during each meal service.

Competitive Foods

All foods and beverages sold on the school campus to students outside of reimbursable school meals are considered “competitive foods,” and must comply with the nutrition standards for competitive food as defined and required in 7 CFR 210.11.

- *School campus means, for the purpose of competitive food standards implementation, all areas of the property under the jurisdiction of the school that are accessible to students during the school day.*
- *School day means, for the purpose of competitive food standards implementation, the period from the midnight before, to 30 minutes after the end of the official school day.*
- Competitive foods include items sold a la carte in the cafeteria, from vending machines, school stores, snack bars and for in-school fundraisers.
- Unless being sold by The School Board of Levy County’s Food & Nutrition Services program, it is impermissible for any competitive food item sold to students during the school day to consist of ready-to-eat combination foods of meat or meat alternate and grain products, as defined in 7 CFR 210.10 and 210.11. (FAC 5P-1.003)
- To be allowable, all competitive food items sold to students must meet general nutrition requirements and nutrient standards.
<https://foodplanner.healthiergeneration.org/calculator>

General nutrition requirements for competitive foods:

- Be a grain product that contains 50 percent or more whole grains by weight or have a whole grain as the first ingredient; or
- Have as the first ingredient one of the non-grain major food groups: fruits, vegetables, dairy or protein foods (meat, beans, poultry, seafood, eggs, nuts, seeds, etc.); or
- Be a combination food that contains 1/4 cup of fruit and/or vegetable.
- If water is the first ingredient, the second ingredient must be one of the above.

***Nutrient standards for competitive foods:**

Nutrient Standards	Snack Items and Side Dishes (including any added accompaniments)	Entrée Items (including any added accompaniments)
Calories	200 calories or less	350 calories or less
Sodium Limits	200 mg or less	480 mg or less
Total Fat Limits	35% or less of total calories	35% or less of total calories
Saturated fat	Less than 10% of total calories	Less than 10% of total calories

Trans fat	0 g of trans fat as served (less than or equal to 0.5 g per portion)	0 g of trans fat as served (less than or equal to 0.5 g per portion)
Sugar	35% of weight from total sugar as served or less	35% of weight from total sugar as served or less

Exemptions:

- Any entrée item offered as part of the breakfast or lunch program is exempt if it is served as a competitive food on the day of service or the day after service in the breakfast or lunch program.
- Fresh or frozen fruits and vegetables with no added ingredients, except water.
- Canned fruits with no added ingredients except water, which are packed in 100 percent juice, extra light syrup or light syrup.
- Low sodium/No salt added canned vegetables with no added fats.
- Reduced fat cheese, nuts, seeds and nut/seed butters, as well as seafood and whole eggs with no added fat are exempt from the total fat and saturated fat standards.

**Refer to 7 CFR 210.11 competitive food service standards for additional exemptions.*

***Nutrition standards for beverages:**

Portion sizes listed are the maximum that can be offered.

Beverages	Elementary	Middle	High
Plain water	unlimited	unlimited	unlimited
Unflavored low-fat milk	8 fl. oz.	12 fl. oz.	12 fl. oz.
Unflavored or flavored fat-free milk	8 fl. oz.	12 fl. oz.	12 fl. oz.
100% fruit or vegetable juice	8 fl. oz.	12 fl. oz.	12 fl. oz.
100% fruit or vegetable juice diluted with water but no added sweeteners	8 fl. oz.	12 fl. oz.	12 fl. oz.
Other flavored and/or carbonated beverages that are labeled to contain 5 calories or less per 8 fl. oz., or 10 calories or less per 20 fl. oz.	Not allowed	Not allowed	20 fl. oz.
Other flavored and/or carbonated beverages that are labeled to contain 40 calorie or less per 8 fl. oz. or 60 calories or less per 12 fl. oz.)	Not allowed	Not allowed	12 fl. oz.

For elementary and middle school students: foods and beverages must be caffeine-free with the exception of trace amounts of naturally occurring caffeine substances. Food and beverages for high school students may contain caffeine.

**These standards only apply to food and beverage sold to students. These standards do not apply to food and beverage brought from home for lunch, or birthday parties, off-campus fundraisers, athletic events, and school plays, or for foods sold during non-school hours (30 minutes after school). **

Standards for food and beverages available during the school day that are not sold to students:

- The school will provide parents and teachers a list of ideas for healthy celebrations/parties, rewards and fundraising activities.
- Class parties or celebrations shall be held after the lunch period and only foods that meet the Smart Snacks in School nutrition standards can be served.
<https://foodplanner.healthiergeneration.org/calculator>
- Schools will limit celebrations that involve food during the school day to no more than one party per class per month.
- Schools shall adhere to the guidelines for serving and selling food and beverages at snack time, celebrations, parties, fundraisers, and other school related activities as prescribed in the State Board of Education Rules, **6-7.042(2c).

Fundraising

- Fundraising efforts will be supportive of healthy eating by complying with all applicable regulations and nutrition standards for competitive foods while also emphasizing the sale of nonfood items.
- No fundraisers that include the sale of food items will occur until thirty (30) minutes after the conclusion of the last designated meal service period.
- The school board is permitted to grant a special exemption from the standards for competitive foods as specified above for the purpose of conducting infrequent school-sponsored fundraisers, not to exceed the following maximum number of school days per school campus each school year:

School Type	Maximum Number of School Days to Conduct Exempted Fundraisers
Elementary Schools	5 days
Middle School/Junior High Schools	10 days
Senior High Schools	15 days
Combination Schools	10 days

Each school's Healthy School Team will maintain a school calendar identifying the dates when exempted competitive food fundraisers will occur. (FAC 5P-1.003)

**The new food and beverage marketing rule requires local school wellness policies to establish only minimum standards for food and beverage marketing restrictions. State agencies and LEAs may choose to adopt more stringent policies for food and beverage marketing. This new addition does not apply to personal clothing or items, packaging of products brought from home or classroom materials used for educational purposes. **

Policy for Food and Beverage Marketing

School-based marketing will be consistent with policies for nutrition education and health promotion. As such, the following guidelines apply:

- Schools will only be allowed to market and advertise those foods and beverages that meet or exceed USDA's Smart Snacks in School nutrition standards.
- Marketing activities that promote healthful behaviors are encouraged. Examples may include: vending machine covers promoting water, pricing structures that promote healthy options in a la carte lines or vending machines, sales of fruit for fundraisers and coupons for discounted gym memberships.
- The School Board of Levy County Food and Nutrition Services department's replacement and purchasing decisions will reflect the marketing guidelines mentioned above.
- **The final rule requires an assessment of the local school wellness policy to be conducted, at a minimum of every three years. However, LEAs can choose to assess their policies more frequently to ensure goals and objectives are being met and to refine the policy as needed.*

*The results of this assessment MUST be made available to the public.**

Counseling, Psychological, and Social Services

- Qualified professionals will provide student support services for behavioral, mental, physical, social-emotional, and academic issues to all students.
- Schools shall provide a supportive and nurturing environment that includes school counseling, social workers, mental health counseling, and psychological services. These services shall be offered to encourage students and families to request assistance when needed and to help link them to school and community resources as appropriate.
- Student support services professionals will support student achievement by assisting schools in identifying barriers to learning, developing programs to promote healthy social and emotional adjustment, and designing and implementing programs that address social, mental health, and academic issues.
- The district will collaborate with community agencies to support the social, emotional, and academic needs of students and families.

Social and Emotional Climate

- Schools will develop a positive and emotional climate that is conducive to effective teaching and learning.
- Climates will promote health, growth, and development by providing a safe and supportive learning environment.
- All staff will be encouraged to nurture positive relationships with all students and coworkers.

Physical Environment

- The district will adopt policies to respond to natural disasters and related emergencies.
- The district will adopt policies to assure safe transport of students to and from school.

- The district will adopt policies to assess general cleanliness of all school facilities.
- The district will provide staff development activities related to school safety for students, school personnel, and families (e.g. risky sexual behavior; violence and bullying; alcohol, tobacco, and other drugs; nicotine, electronic cigarettes and other vaping devices; suicide/self-injury; dating/domestic violence; human trafficking awareness).
- The district will adopt policies to report and record health problems and injuries.
- The district will use positive teaching and reinforcement strategies to reduce, report, and address violence and bullying in schools, as required in 1006.147 F.S.
- The district will adopt policies to maintain a drug-free environment for students at all school sites.
- The district will monitor and address the physical condition of schools during normal operations as well as during renovations (e.g., ventilation, moisture, temperature, noise, and natural and artificial lighting).
- The district will protect occupants from physical threats (e.g, crime, violence, traffic, and injuries).
- The district will protect occupants from biological and chemical agents in the air, water, or soil as well as those purposefully brought into the school (e.g, pollution, mold, hazardous materials, pesticides, and cleaning agents).

Employee Wellness

- The School Board of Levy County wellness committee will have a staff wellness subcommittee that focuses on staff wellness issues, identifies and distributes wellness resources, and performs other functions that support staff wellness in coordination with human resources staff.
- The district shall provide health promotion programs for school faculty and staff, so they can benefit from healthy behaviors and model healthy behaviors for students.
- The district shall provide information to all employees about the wellness programs and services through the Employee Health & Wellness Center.
- All staff will be provided with opportunities to participate in physical activities and healthy eating programs that are accessible and free or low-cost.

Family Engagement and Community Involvement

The School Board of Levy County is committed to being responsive to community input, which begins with awareness of the wellness policy. The School Board of Levy County will actively communicate ways in which parents, students, representatives of the school food authority, teachers of physical education, school health professionals, the school board, school administrators and the general public can participate in the development, implementation and annual review of the local school wellness policy through a variety of means, including:

- The School Board of Levy County will consider student needs in planning for a healthy nutrition environment. Students will be asked for input and feedback through the use of surveys and attention will be given to their comments.

- The School Board of Levy County will use electronic mechanisms, such as email or displaying notices on The School Board of Levy County's website, as well as non- electronic mechanisms, such as newsletters, presentations to parents or sending information home to parents, to ensure that all families are actively notified of any updates to the wellness policy, as well as how to get involved and support the policy.
- At the final public school board meeting of each year, the local school wellness policy will be discussed, and all stakeholders will be asked to provide feedback on the policy. All comments and recommendations will be reviewed and considered.

Other District Policies

The School Board of Levy County will integrate wellness activities across the entire school setting. These initiatives will include nutrition, physical activity and other wellness components so that all efforts work towards the same set of goals and objectives used to promote student well-being, optimal development and strong educational outcomes.

General Guidelines

- The goals outlined by the wellness policy will be considered in planning all school- based activities (such as school events, field trips, dances and assemblies).
- Afterschool programs will encourage healthy snacking and physical activity.
- The School Board of Levy County shall actively develop and support the engagement of students, families and staff in community health-enhancing activities and events at the school or throughout the community.
- Each school within The School Board of Levy County shall be in compliance with drug, alcohol, vaping, and tobacco-free policies.

Eating Environment

- Students will be provided an adequate amount of time to consume their meal with a minimum of 20 minutes after receiving their food from the line.
- Convenient access to facilities for hand washing and oral hygiene will be available during meal periods.

Healthier US School Challenge

- All schools will be encouraged to join the United States Department of Agriculture (USDA) Team Nutrition program and submit an application to be recognized as a Healthier US School Challenge: Smarter Lunchrooms (HUSC: SL) school.

Recycling

- Each school shall maximize the reduction of waste by using one or more of the following methods: recycling, reusing, composting or purchasing recycled products.

Use of School Facilities Outside of School Hours

- Each school will promote the use of school facilities outside of school hours for physical activity programs offered by community-based organizations and for the school community's use. Parents will be allowed to bring their children to the school and have access to basketball courts, playgrounds and track facilities.

Behavior Management

- The School Board of Levy County is committed to prohibiting the use of food as a reward, unless incorporated into an activity that promotes positive nutrition messages (such as a guest chef or field trip to a farm).
- Teachers and other school personnel will not deny or require physical activity as a means of punishment.

Monitoring and Policy Review

The School Board of Levy County wellness committee will update and make modifications to the wellness policy based on the results of the annual review and triennial assessments and/or as local priorities change, community needs change, wellness goals are met, new health information and technology emerges and new federal or state guidance or standards are issued. The wellness policy will be assessed as indicated at least every three years following the triennial assessment.

Triennial Progress Assessments

The School Board of Levy County will conduct an assessment of the local school wellness policy to measure wellness policy compliance at least once every three years. This assessment will measure the implementation of the local school wellness policy, and include:

- The extent to which The School Board of Levy County is in compliance with the local school wellness policy;
- The extent to which the local school wellness policy compares to model local school wellness policies; and
- A description of the progress made in attaining the goals of the local school wellness policy.

At a minimum, LEAs must annually inform and update the public about the content and implementation of the local school wellness policy. USDA encourages LEAs and schools to include a summary of each school's events or activities relating to the LSWP implementation, contact information for the designated LSWP official and information on how the public can get involved with the wellness policy committee.

Informing the Public

The School Board of Levy County will ensure that the wellness policy and most recent triennial assessment are available to the public at all times. The School Board of Levy County will also actively notify households on an annual basis about any updates made to the wellness policy and the availability of the triennial assessment results, as well as provide information to the community about the school nutrition environment.

- The School Board of Levy County will ensure the most updated version of the wellness policy and triennial assessments are always available on the school website for the public to view.
- The School Board of Levy County will present wellness policy updates, as applicable, during meetings with the Parent Teacher Association/Organization, school board, district superintendent, health and wellness committee and other interested groups or stakeholders.

- Wellness updates will be provided to students, parents and staff, as applicable, in the form of handouts, The School Board of Levy County website, articles and each school's newsletter, to ensure that the community is informed, and that public input is encouraged.
- Each school will provide all parents with a complete copy of the local school wellness policy at the beginning of the school year.

The following documentation must be maintained and will be reviewed by the Florida Department of Agriculture and Consumer Services during an Administrative Review of the LEA's National School Lunch Program.

Record Keeping

Records to document compliance with the requirements of the local school wellness policy will include, but is not limited to the following:

- The written local school wellness policy;
- Documentation demonstrating compliance with community involvement requirements, including requirements to make the local school wellness policy and triennial assessments available to the public as consistent with the section on informing and updating the public; and
- Documentation of the triennial assessment of the local school wellness policy.
