April 28, 2020

Dear Parents:

We regret that all of *Class of 2020* parents were unable to participate in the Zoom meeting and thanking those the parents that participated. We received your ideas and thoughts about graduation with compassion and have every intention of being as flexible as possible while ensuring the safety of our students and families. As we move forward in trying to accommodate students, parents, and families due to COVID-19, our goal is to make memories for the *CLASS of 2020*. The city of Madison stated a "Senior Parade" is not possible until the sanctions are relaxed.

The ideas discussed during the ZOOM meeting included: doing a video in the gym, changing the date of graduation to June waiting on the distancing guidelines to be lifted but issue the diplomas as soon as they are available, or completing a ceremony in three phases. Regardless, we must make sure we follow all guidelines set forth by the CDC and Department of health.

Please check the box below that peaks your desire for moving forward:

- video in the gym, (**graduation ceremony without parents and families**)
- change the date of graduation to June to see if the distancing guidelines are lifted while issuing diplomas as soon as possible, or
- completing a ceremony in three stages which would allow family members to participate while following the CDC distancing guidelines, (**administration will split graduation alphabetically in three sections with three different dates with a given number of family members attending per student**)

Student's Name _____ Parent's Signature _____

Please check the box below that peaks your desire for moving forward:

- My child will participate in the graduation ceremony.
- My child will not participate in the graduation ceremony.

Student's Name _____ Parent's Signature _____
